ADMINISTRATIVE REPORT

Title: Establishment of a Capital Budget for the Rotary Heritage Park Renewal Project

RECOMMENDATIONS

That Standing Policy Committee on Property and Development recommends to EPC and Council the approval of the establishment of a capital project budget as set out in this report.

REASON FOR THE REPORT

Council approval is required to establish Capital Project and/or Program Budgets.

IMPLICATIONS OF THE RECOMMENDATIONS

- A capital budget will be established for the Rotary Heritage Park Renewal Project.
- Consolidation of budgets (and actual amounts spent to-date) will enable the Public Service to more effectively and efficiently track progress on and the final cost of the project.

HISTORY

On June 22, 2011, Council concurred in the in the recommendation of the Standing Policy Committee on Property and Development and adopted, among other recommendations related to Subdivision and Rezoning – west of 1424 Regent Avenue West (Transcona Ward) File DASZ 31/2010, the following:

- *That the City-owned property shown in broken outline and identified as "Subject City Property" on Misc. Plan 13246 be declared as surplus to the City's needs.*
- *That the Director of Planning, Property and Development be authorized to negotiate and approve the sale of the "Subject City Property" as shown in broken outline on Misc. Plan 13246 to the applicant on terms and conditions satisfactory to the Director of Planning, Property and Development and the Director of Legal Services and City Solicitor in order to protect the interests of the City and to achieve the intent of the Executive Policy Committee.*
- *That the net proceeds of the sale of the City owned lands be allocated to the Rotary Heritage Park renewal project.*

The sale of the subject property, which is located at the southeast corner of Regent Avenue West and Starlight Drive, has not closed as of the date of this report. However, net proceeds of disposition are expected to be sufficient to allow for the transfer of $90,000 from the Land Operating Reserve Fund to the Rotary Heritage Park Renewal Capital Project budget.

In addition, the following contributions to the project have been pledged and/or received to date:

- Transcona Playground Renewal Association Inc. - $30,000
- Rotary Heritage Park and Gardens - $15,000
- Winnipeg Foundation - $10,000.

The total project Budget will be $145,000.

Consolidation of the multiple funding sources will enable the Winnipeg Public Service, once the projects are complete, to better answer the question “What were the total costs of each project?” The answer to this seemingly simple question can be convoluted when the funding sources are widely distributed. Consolidation would also facilitate improved project management and administration as Project Manager(s) would be accountable for one project budget rather than numerous different ones and this will simplify the tracking of costs-to-date versus available budget.

APPENDIX 1

Establishment of a Budget for the Rotary Heritage Park Renewal Project

The Rotary Heritage Park Renewal project ("the project") involves Phase 2 development of the park that will enhance the green space and playground within this park thereby providing improved recreational opportunities for the community. It will incorporate site grading improvements, subsurface land drainage system, paved pathway and parking lot, site entrance pillars, site furniture, landscaping and a new playground.

Funding for the project, which totals $145,000, is comprised of funding from one reserve budget and three private contributions. Consolidation of these amounts into a single capital project budget will facilitate transparency and ease of recordkeeping and reporting related to the work performed at this site.
