What is the Quarterly Report Card?

The Audit Department's work does not end when an audit report is presented to City Council. The most important component of an audit recommendation is its implementation. The Public Service provides a response to each audit recommendation in the Audit Report along with an action plan. The subsequent implementation of the audit recommendations in accordance with the action plans is the responsibility of the Public Service. The Audit Department has traditionally provided Audit Committee with an update on the status of the implementation of outstanding audit recommendations in its annual report. In 2006, the *Status of Audit Recommendations Quarterly Report Card* was introduced at the request of Audit Committee. The *Quarterly Report Card* is produced at the end of March, June, September and December and is presented at the next Audit Committee. The *Quarterly Report Card* presents management's representations as to the status of recommendations implemented, in progress or not to be implemented. For recommendations in progress, an implementation strategy and timeframe is provided. For recommendations not to be implemented, an explanation is provided.

How is the Quarterly Report Card produced?

The Audit Department provides a template of outstanding audit recommendations to the Department Director responsible for implementing the recommendation. The templates are forwarded to the Audit Department for review and compilation. The Audit Department summarizes the results and prepares a brief overview for Audit Committee. We do not audit the responses provided by the departments. The completed *Quarterly Report Card* is presented to Audit Committee by the City Auditor along with any observations he may have. The Department Directors attend the Audit Committee meeting to address concerns or questions regarding the responses raised by Audit Committee members.

Quarterly Report Cards are completed for five years following the issue date of an audit report. After five years, the Audit Department prepares a final report to Audit Committee that provides a summary of recommendations implemented, in progress and not to be implemented. Included is a complete history of status updates relating to those recommendations not implemented. After presentation of this final report, the status of audit recommendations will no longer be tracked by the Audit Department. If there are significant concerns that cannot be satisfactorily addressed by the Public Service, the Audit Committee may propose a new audit of the subject entity through the annual planning process.

Audit Observations

Four recommendations have been implemented in the 1st Quarter of 2013. Two recommendations were implemented from *Capital Project Management* and two were also implemented from the *Operational Review of the Winnipeg Parking Authority*. This is the final report card for the *Reserves Administration Audit* as five years has elapsed since the report was issued. One recommendation remains in progress at the end of March 2013 and is expected to be implemented in the 3rd Quarter of 2013. At March 31, 2013, 111 of the 186 (60%) contained in this Report Card have been implemented and there are 70 recommendations in progress.

The ten recommendations that missed the target date came from the *Winnipeg Police Service Contract with Winnipeg Airports Authority*. The implementation of these recommendations is dependent on successful negotiations of a new contract. The negotiations regarding a new contract are currently in progress.

The Public Service has reported that 14 of the 70 recommendations in progress should be implemented by June 30, 2013. The status of these 14 recommendations will be the focus of our next report card.
