Purchase of new tractor:

The current tractor in use at Northwood Community Centre was originally purchased new in 1995 and has required approximately $12,500.00 in repairs and maintenance in the past eighteen months. Replacement is required at this time as the tractor is critical to maintain upkeep of our grounds and it has become undependable and has caused times when staff had to manually perform, or delay, some of their duties.

Northwood is on the City of Winnipeg full maintenance program and maintains 23 acres of grounds and green spaces, including five baseball diamonds, one full size soccer field, four mini-size soccer fields, two sand/beach volleyball pits (new in 2013), one outdoor basketball court, two permanent hockey rinks, a wading pool with a water slide, picnic area, playground with swings, slides and a sand box.

Our tractor has numerous attachments that allow our staff to carry out summer maintenance such as grass cutting, and, maintain the two outdoor hockey rinks and a pleasure skating rink, with a Zamboni attachment. The tractor is also used during the winter months to clean the centre's parking lot.
