ADMINISTRATIVE REPORT

Title: SPA 5/2013 – Secondary Plan Amendment to the *Waverley West Southeast Neighbourhood Area Structure Plan* (By-law 140/2007)

Critical Path: Riel Community Committee – Standing Policy Committee on Property and Development – Executive Policy Committee – Council as per the *Development Procedures By-law* and *The City of Winnipeg Charter*.

RECOMMENDATIONS

1. That By-law No. 112/2013, an amendment to the *Waverley West Southeast Neighbourhood Area Structure Plan* (By-law 140/2007), be forwarded to Council for second and third readings.

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Upon further review of the development of Waverley West and direct consultation with the Pembina Trails School Division, Ladco Company Limited is requesting an amendment to the *Waverley West Southeast Neighbourhood Area Structure Plan* that will revise the location of the school site. The applicant has provided a revised Land Use Concept map (attached) to replace the original Land Use Concept map in the Plan. The change moves the school site from northeast of Waverley Street and Tim Sale Drive to the southeast of that intersection. There are no changes other than the school location. It is noted that the proposed school site meets the intent statement and policies under sections 5.6 and 5.6.1 of the *Waverley West Southeast Neighbourhood Area Structure Plan*.

IMPLICATIONS OF THE RECOMMENDATIONS

- If the recommendations of the Urban Planning Division are concurred in, the proponents will be able to proceed with a conditional use application for development of the school at the revised location southeast of Waverley Street and Tim Sale Drive / John Angus Drive.

HISTORY

On July 26, 2006, Council passed By-Law No.10/2006, The Waverley West Area Structure Plan By-law. Section 13.0, Neighbourhood Area Structure Plan, requires the implementation of the WWASP through the Neighbourhood Area Structure Plans and outlines the basic composition for the Neighbourhood Area Structure Plans.

On November 21, 2007, Council adopted the area structure plan for the Southeast Neighbourhood of Waverley West as By-law 140/2007.

On August 27, 2013, Ladco Company Limited made an application for a secondary plan amendment to revise the school site location on the Land Use Concept plan.

On October 23, 2013, Council gave first reading to By-law No. 112/2013 to amend the Waverley West Southeast Neighbourhood Area Structure Plan.

COMMUNITY: Riel

SUBJECT: To amend the *Waverley West Southeast Neighbourhood Area Structure Plan* (By-law 140/2007) by replacing the map titled "Land Use Concept" in Section 4.0 with a new map indicating a revised school site location southeast of Waverley Street and Tim Sale Drive / John Angus Drive.

LOCATION: South Pointe Neighbourhood

APPLICANT: Michael Curruthers (Ladco Company Ltd.)

OWNERS: as above

RECOMMENDATION: Approval

THE AREA

- The area covered by the *Waverley West Southeast Neighbourhood Area Structure Plan* is currently known as the South Pointe Neighbourhood and is located in the St. Norbert Ward.
- The total land area is approximately 200 hectares (495 acres).
- The neighbourhood is zoned single and multi-family residential with some commercial and parks and recreation parcels in accordance with the Land Use Concept plan.
- Most of the neighbourhood is built out with the exception of the area around Stan Bailie Drive where construction is just beginning.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- Ladco Company Ltd. is applying to amend the Neighbourhood Area Structure Plan to move the school location shown on the Land Use Concept map from northeast of Waverley Street and Tim Sale Drive / John Angus Drive to the southeast of that intersection.
- The change reflects the desires of the Pembina Trails School Division. The revised location is larger and has frontage on Waverley Street and two collector roads.

ANALYSIS AND ISSUES

COMPLETE COMMUNITIES DIRECTION STRATEGY

- Under the Complete Communities Direction Strategy the subject area is a Recent Community. The key relevant policy guiding development is:
    - *Improve sustainability of recent residential neighbourhoods by promoting better walking, cycling and transit access to retail, employment and community facilities.*
- The proposed school site has direct access to the neighbourhood greenway system, which provides pedestrian and cycling access across the neighbourhood and to adjacent neighbourhoods.

AREA STRUCTURE PLAN

- School locations are conceptually mapped in the Land Use Concept of the Area Structure Plan, and development applications (rezoning, conditional use, etc.) must be consistent with the Plan.
- The revised location complies with the school siting criteria found in Section 5.6.1 of the Plan. The site is located in relation to its student catchment area, having frontage on a collector street and direct access to transit service.
- The decision to develop a school ultimately rests with the school division and the Public Schools Finance Board.
- There are no changes other than the school locations associated with this secondary plan amendment.

ZONING

- Both the original school site and the proposed school site are zoned “RMF” Residential Multi-Family and would require a conditional use application for development of a school. No conditional use has been applied for to date.

RECOMMENDATION

The Winnipeg Public Service supports the amendment to the *Waverley West Southeast Neighbourhood Area Structure Plan* Land Use Concept map:

- The revised school location satisfies the Pembina Trails School Division.
- The proposed school location does not conflict with the goals in the Area Structure Plan for school placement.
