HISTORY

St. John Council for Manitoba Inc. expressed interest in acquiring Parcels C & D on the attached Misc. Plan No. 14108/7, for consolidation with their adjacent holding at 1 St. John Ambulance Way for the purpose of constructing a 3 story office building of approximately 21,020 sq. ft.

The City owned property consists of Parcel C, which is a closed lane that was declared surplus by Council on March 20, 2013, and Parcel D, which forms part of the residual lands left over from a 1959 Council approved lane diversion project.

Parcel D was circulated to all City Departments and no Civic need was identified.

The Department intends to exchange those City lands shown as “City Owned Land: Parcels C & D” on Misc. Plan No. 14108/7 with lands owned by St. John Council for Manitoba Inc. shown as “Proposed Acquisition: Parcels A & B), for $1.00. Parcels A & B will be opened as Right of Way.

An easement requirement of 10.0 meters within Parcels C & D has been identified by the Water and Waste Department. Manitoba Hydro requires an easement for existing hydro poles along the east boundary of Parcel C. The Purchaser is agreeable to take title subject to these easements. Ownership of an existing 300mm catch basin and lead within the lands being sold will be handed over to the Purchaser at the time of sale.

The Ward Councilor was consulted and concurs with the intentions of the Department.

The Department is seeking approval of the Terms and Conditions of a land exchange as negotiated with St. John Council for Manitoba Inc.
