REASON FOR THE REPORT

Council approval is required to enter into a Memorandum of Understanding with the CNRPS.

IMPLICATIONS OF THE RECOMMENDATIONS

Authorization for CNRPS to use Winnipeg Police Service (WPS) talk groups is limited to the talk groups and vicinities indicated in the MOU.

Any previous authorization that may have been granted to the CNRPS is void.

HISTORY

The WPS operates a trunked radio system through MTS Allstream Inc. which allows specific users to communicate privately. In order to facilitate communication with the WPS, CNRPS will be allowed limited access to certain WPS-controlled talk groups.

No changes to the communications equipment and/or procedures of WPS or the City are required as a result of the MOU with CNRPS. CNRPS will only use the talk groups in situations where they are communicating with WPS for operational purposes.

At all times, CNRPS will ensure that it is in compliance with all applicable laws and regulatory requirements, whether federal, provincial or municipal including, without limitation, the *Radiocommunication Act* and all applicable privacy legislation. All information obtained from the use of the talk groups will only be used for the specific operational purpose for which it was accessed, unless otherwise required by legislation or court order.

Access to the talk groups will be delivered free of charge, provided that CNRPS complies with the terms of the MOU. Any costs associated with implementing or terminating use, activation charges, license fees, equipment purchase, or any other costs associated with CNRPS use of the talk groups will be paid for solely by CNRPS.

Either party may terminate this MOU immediately and without cause at any time by giving notice in writing to the other party. Upon termination, CNRPS will deactivate the talk groups from all CNRPS radios immediately.
