HISTORY

An Agreement has been drafted to address the respective obligations of MPI and WPS for the 2014 School Zone Safety Enforcement Program. The term of this agreement commenced on September 3, 2014 and continued until and including September 30, 2014.

As stated in the Agreement, the School Zone Safety Enforcement Project refers to an organized enforcement activity coordinated by WPS to detect infractions. Members concentrated their efforts on safety related offences, particularly infractions related to school buses and school zones such as Speeding, Distracted Driving, Disobey Traffic Control Device and Passing Stopped School Bus. As agreed upon, other Highway Traffic Act offences were also enforced. The enforcement activity took place in school zones selected by WPS.

During the term of the Agreement, the WPS assigned a minimum of two on-duty members to the Project. These members were assigned for the duration of their shift from 0700 to 1700 hours. In addition, two MPI funded off-duty traffic enforcement members were assigned to the project from 0800 to 1400 hours.

As a result of the project, 89 schools were targeted with a total of 786 Provincial Offence Notices being issued.

As addressed in the Agreement, no cost of the initiative will be incurred by the Service.
