STANDING POLICY COMMITTEE ON FINANCE

QUESTION PERIOD

Minute No. 401
Councillor Mayes questioned if there was some way to advise the public of the City's stance on the Canada Post new super mailboxes with regard to assessment values and whether this should be revisited.

Councillor Morantz stated that the Manager of Assessment and Taxation advised that assessments were based on the actual sale values of properties so there was no specific adjustment to assessed values. He added that the City could be communicating far better with citizens to ensure less anxiety about how the City undertakes its business.

Councillor Allard inquired if there was anything new with regard to the consultation process on the budget.

Councillor Morantz stated that he had had discussions with the Mayor's Office and the Office of Public Engagement and would provide more information to all of Council once he had more information about how that would look.
