Subject: Historical building - 188 Princess St.

Good morning. I write on behalf of the owners of 188 Princess St - Eastview Community Church. We are a church from East St. Paul who has opened a downtown campus at 188 Princess. It is a wonderfully unique location, surrounded by rich diversity that allows us to use the building in a variety of ways.

As an organization, we are supportive of the recommendation to have 188 Princess added to the list of Historical resources in the City of Winnipeg. We are pleased to be part of the long history of the building and look forward to adding our part to the building's story. Thank you for your consideration of 188.

Sincerely,

Dave Ens
