RECOMMENDATIONS

That the Council-approved, two-year pilot that provided free admission to the Norwood, Windsor Park, Provencher and Happyland non-heated outdoor pools be made permanent.

REASON FOR THE REPORT

City Council approval is required to eliminate the fees to the non-heated outdoor pools beyond the two-year pilot (2014, 2015).

The Director of Community Services committed to report back following the two year pilot with a summary of the results.

EXECUTIVE SUMMARY

For the past two years, the non-heated outdoor pools were offered at no cost to the public as a means to encourage outdoor pool participation during some facility closures.

During the pilot, attendance increased from an average of 16,533 to 38,296 in 2015, an increase of 132%.

Typically, these non-heated outdoor pools had experienced low attendance. Offering free admissions to the non-heated pools resulted in a significant increase in usage.

In an effort to maintain this positive aquatic service, and to strive towards providing equitable access to municipal facilities, it is recommended to maintain free access, provided by the two-year pilot, permanently.

IMPLICATIONS OF THE RECOMMENDATIONS

There is no financial impact to this request. Revenues were not anticipated during creation of the 2016 Operating Budget.

HISTORY / DISCUSSION

The four non-heated outdoor pools, referred to in this report, were offered free of charge in 2014 and 2015 to compensate for a number of closures due to repair and construction (such as St. Vital Pool and Westdale Pool).

Participation at the non-heated outdoor pools has increased significantly during this two year pilot project.

By reducing the fee barrier, there were noticeably more families in attendance enjoying the facilities as recreation destinations over the course of the summer as compared to only children and youth attending alone.

Maintaining free admission access to Norwood, Windsor Park, Provencher, and Happyland non-heated outdoor pools, will continue to support equitable access to citizens and provide a safe and enjoyable aquatic opportunity throughout the City of Winnipeg.

Appendix A provides attendance statistics and revenue information for 2011 to 2015.
