Agenda – Executive Policy Committee – July 6, 2016

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – July 5, 2016

Moved by Councillor

That Rule 10(3) of The Procedure By-law No. 50/2007 be suspended in order that the following item, which was received less than 96 hours preceding the committee meeting, be considered by Committee.

Item No. 14 Amendments to the Historical Resources By-law

STANDING COMMITTEE RECOMMENDATION:

On July 5, 2016, the Standing Policy Committee on Property and Development, Heritage and Downtown Development concurred in the recommendation of the Winnipeg Public Service and submitted the following to Council:

1. That a By-law to amend the Historical Resources By-law No. 55/2014 (a draft of which is attached as Schedule 'A') to extend the timeframe for review by the Historical Buildings and Resources Committee from 36 months to 72 months with respect to certain existing nominated resources and which creates new a 12 month timeframe for review by the Historical Buildings and Resources Committee with respect to all other nominated resources, be enacted.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Agenda – Executive Policy Committee – July 6, 2016

Report – Standing Policy Committee on Property and Development, Heritage and Downtown Development – July 5, 2016

DECISION MAKING HISTORY:

STANDING COMMITTEE RECOMMENDATION:

On July 5, 2016, the Standing Policy Committee on Property and Development, Heritage and Downtown Development concurred in the recommendation of the Winnipeg Public Service and submitted the matter to the Executive Policy Committee and Council.

ADMINISTRATIVE REPORT

Title: Amendments to the Historical Resources By-law – Revisions to Timeframes for HBRC Review of Nominated Resources

Critical Path: Standing Policy Committee on Property & Development, Heritage, and Downtown Development – EPC – Council

AUTHORIZATION

Author	Department Head	CFO	CAO/COO
K. McKim	J. Kiernan	n/a	M. Jack COO

RECOMMENDATIONS

1. That Council enact a By-law to amend the Historical Resources By-law No. 55/2014 (a draft of which is attached as Schedule 'A') to extend the timeframe for review by the Historical Buildings and Resources Committee from 36 months to 72 months with respect to certain existing nominated resources and which creates new a 12 month timeframe for review by the Historical Buildings and Resources Committee with respect to all other nominated resources.
2. That the proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council, at its meeting held on May 27, 2014, passed the Historical Resources By-law No. 55/2014, which became effective on June 1, 2014. Since the By-law was enacted and put into practice, the Public Service has identified some sections that require amending in order to extend the protection of nominated resources and to improve process.

EXECUTIVE SUMMARY

Since the Historical Resources By-law No. 55/2014 (the "By-law") was enacted on June 1, 2014, the Public Service has identified time-frame issues with the By-law. As such, the Public Service recommends that the By-law be amended as follows in order to extend the protection of certain existing nominated resources and to improve process:

- the timeframe for the Historical Buildings and Resources Committee (the "HBRC") to review and make recommendations on nominated resources (from the former Inventory of Buildings) be increased from 36 to 72 months in order to allow for sufficient time for the HBRC to review the resources and to ensure that nominated resources will remain protected from demolition until the HBRC makes a recommendation on heritage status;
- a 12 month timeframe for the HBRC to review and make recommendations on owner-initiated nominated resources be established in order to improve customer service; and
- a 12 month timeframe for the HBRC to review and make recommendations on Director-initiated nominated resources be established.

IMPLICATIONS OF THE RECOMMENDATIONS

The Historical Resources By-law No. 55/2014 (the "By-law") will be amended as follows:

1. Section 12(1) *Review of nomination by the Historical Buildings and Resources Committee ("HBRC")* of the By-law will be amended so that the length of time within which the HBRC must hold a meeting to review and make recommendations concerning a nominated resource that was deemed to be nominated upon the enactment of the Historical Resources By-law, as per section 8(4), shall be extended from 36 months to 72 months from the date on which the By-law was enacted, namely June 1, 2014; and

2. Section 12(1) *Review of nomination by HBRC* of the By-law will be amended so that the length of time within which the HBRC must hold a meeting to review and make recommendations concerning an owner-initiated or a Director-initiated nominated resource as per section 8(1), shall be set at 12 months from the date that the resource is deemed to be nominated.

HISTORY

Background

On June 1, 2014, Council enacted the Historical Resources By-law No. 55/2014 (the "By-law"), which replaced the former Historical Buildings By-law No. 1474/77. The By-law introduced a list of buildings that were *nominated* to be added to the List of Historical Resources (the "Nominated List"). All buildings that were on the Inventory of Buildings under the former Historical Buildings By-law were added to this Nominated List. Resources that are nominated to be added to the List of Historical Resources are protected from demolition. Resources that have no heritage status are not protected from demolition and alterations.

The Public Service has identified sections of the By-law that require amending in order to extend the protection of certain existing nominated resources and to improve process.

Extension of time to review nominated resources from the former Inventory of Buildings

When the By-law was enacted, the Nominated List based on the former Inventory of Buildings included 132 nominated resources. Section 12(1) of the By-law requires that the HBRC review and make recommendations with respect to a nominated resource within 36 months of its nomination. For the 132 resources currently on the Nominated List based on the former Inventory of Buildings, the existing deadline for review and recommendation by the HBRC is June 1, 2017.

Since enactment, and as of June 1, 2016, the HBRC along with the Public Service have toured 73 of these nominated resources, and the HBRC has made recommendations on 28. The HBRC is a committee composed of volunteers and members of other levels of government, and in addition to evaluating nominated resources, members are tasked with other duties as assigned by the Historical Resources By-law. These other duties include: design review for heritage resources, preparation of heritage conservation guidelines, promotion of public understanding of heritage conservation, etc.

The Public Service along with the HBRC tour approximately 1-4 nominated resources per month. Based on these statistics and on the current demands of the HBRC, the Public Service anticipates that the heritage unit along with the HBRC will not meet the 36 month deadline that was set out by the By-law to review and make recommendations on nominated resources. Failure to meet this deadline will result in the loss of nominated status and, consequently, the loss of protection from demolition that the By-law affords to nominated resources.

An extension of time will provide continued protection from demolition for nominated resources that are still awaiting heritage status determination and will provide a more feasible deadline for the HBRC. Therefore, the Public Service recommends that the timeframe for the HBRC to review and make recommendations on nominated resources which were deemed to be nominated by section 8(4) of the By-law be extended from 36 to 72 months from the date the By-law was enacted, which would extend the deadline for review and recommendation by the HBRC to June 1, 2020.

New timeframe to review owner- or director-initiated nominated resources

The By-law introduced a process for owner-initiated nominated resources and for director-initiated nominations, and provided the same 36 month timeframe for the HBRC to review and make recommendations with respect to heritage status. In order to improve customer service for owners who initiate heritage review on their own buildings, the Public Service recommends that a new 12 month deadline be introduced for the HBRC to hold a meeting to review and make recommendations on owner-initiated, as well as Director-initiated, nominated resources.

FINANCIAL IMPACT

Financial Impact Statement Date: 30/05/2016

Project Name:

Amendments to the Historical Resources By-law - Revisions to Timeframes for HBRC Review of Nominated Resources

COMMENTS:

There are no financial implications associated with these recommendations.

CONSULTATION

In preparing this report there was consultation with:

- City of Winnipeg Historical Buildings and Resources Committee
- Legal Services

OURWINNIPEG POLICY ALIGNMENT

The recommendation to enact a new Historical Resources By-law which imposes maintenance obligations aligns with policies under OurWinnipeg Section 02 A Sustainable City, 02-3 Heritage:

Winnipeg has a rich and complex history. Our heritage resources are inseparably tied to our culture, identity, cultural perspective, collective consciousness and sense of place. In Winnipeg, heritage resources support and are represented by a distinct mix of cultures, ideas and values. This facet of our identity provides us with variety in neighbourhood design and architecture, expresses various social values, and provides an invaluable legacy of resources that are distinctly our own.

The conservation and reuse of existing buildings can also align with numerous sustainability objectives such as waste minimization, natural resource protection and compact urban form.

Direction 1: Plan for Heritage Conservation

- *Strive to eliminate disincentives to conservation*

Direction 2: Conserve, protect and celebrate the significant heritage resources that illustrate the broad range of Winnipeg's heritage values.

- *Recognize the importance of a broad range of tangible heritage resources throughout the city that illustrate a unique sense of place and community pride.*
- *Identify, designate, and protect the City's most significant heritage resources.*

Direction 3: Provide leadership in heritage conservation that links to broader civic goals of economic development, sustainability, and neighbourhood planning.

- *Link heritage conservation to sustainable development initiatives, including economic, environmental, and social initiatives*
- *Develop heritage stewardship policies that will allow the City to act as a leader in heritage conservation initiatives.*
- *Engage the community in developing long-term heritage resource stewardship strategies.*

Direction 4: Conserve downtown's rich legacy of heritage resources that provide significant and sustainable development opportunities.

Direction 5: Enhance the viability of the Exchange District National Historic Site.

Direction 6: Plan for the sustainable development of healthy neighbourhoods based on their particular historic identity and character.

- *Encourage the sustainable reuse of existing building stock and historic infrastructure.*
