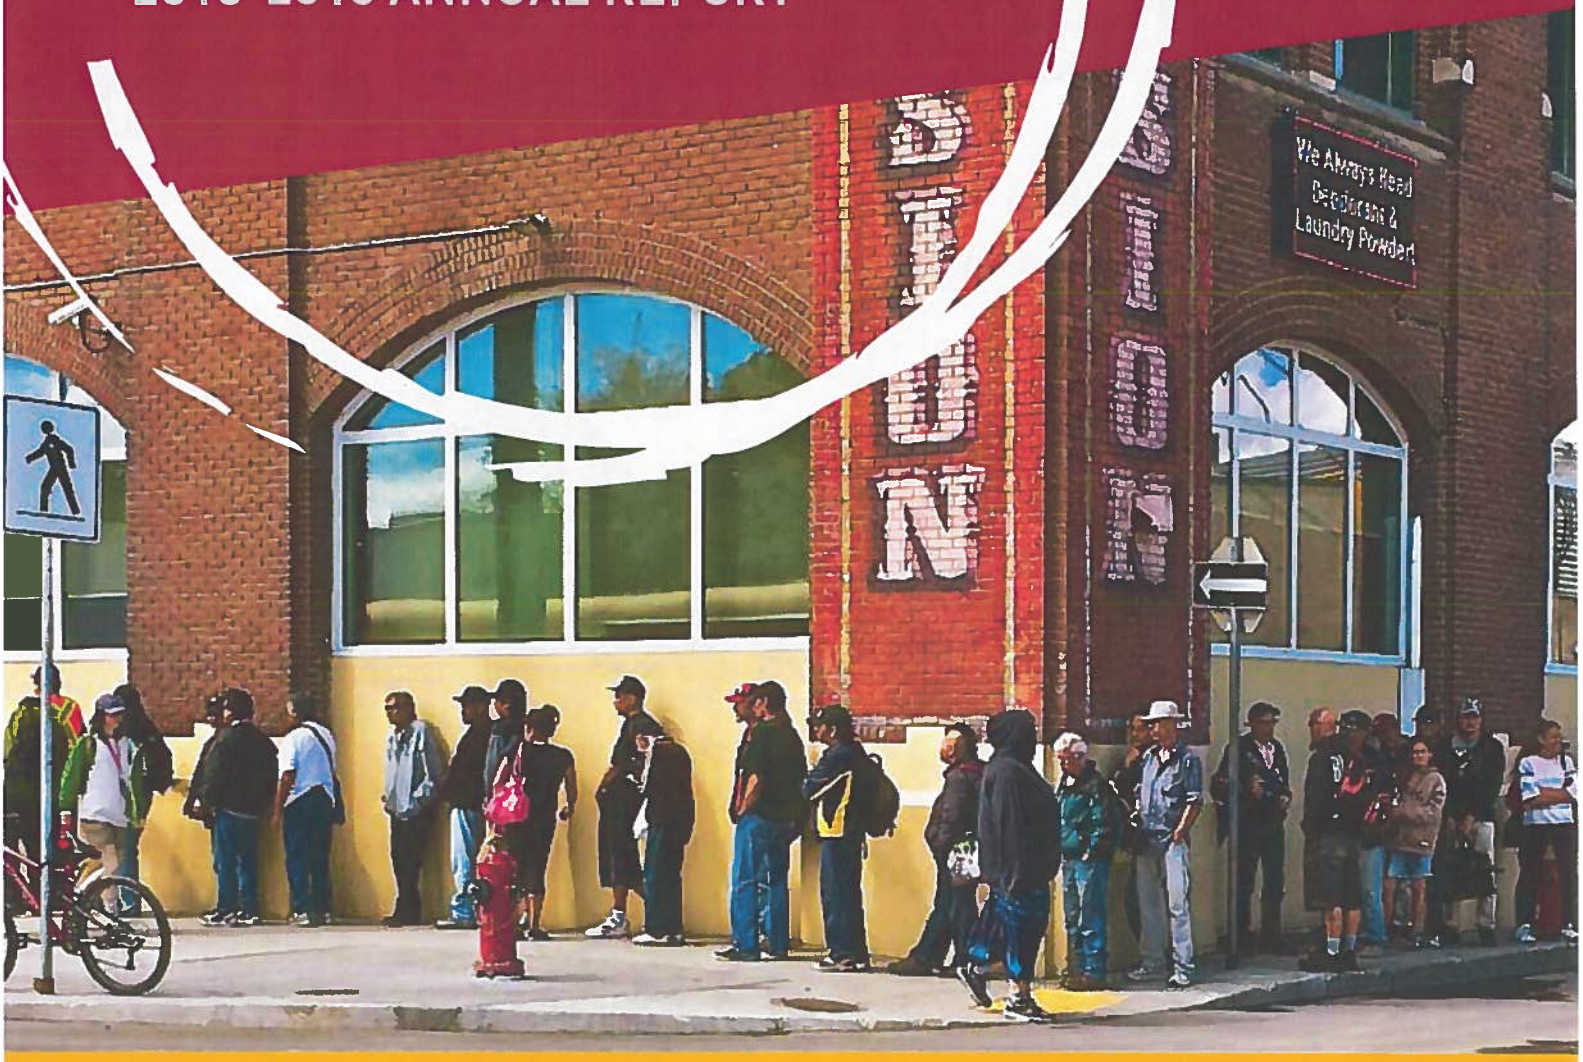
# CHANGING LIVES....
# TOUCHING HEARTS

## 2015-2016 ANNUAL REPORT



Siloam Mission

## MISSION STATEMENT

As a Christian humanitarian organization, Siloam Mission connects the entire community in the alleviation of hardships and provides opportunities for change for those affected by homelessness.

*For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life. (John 3:16)*

*"I love working with people to reach their goals, and letting them know that there's someone in their corner who cares about them, and who is here to walk alongside of them."*

— KRISTIN KENNEDY,
TRANSITION SERVICES

# FROM THE TOP – Message from the Chair of the Board & CEO

In the above passage a man with leprosy approaches Jesus. Leprosy was a living death, with many sweeping implications. One was declared a leper after tests were performed. Once declared a leper by the priest, the leper was cut off from contact with society. He had to display marks of mourning, as if for the dead. He had to tear his clothes, uncover his head, and cover his lips. When someone drew near, he must call out, "Unclean! Unclean!" The individual was seen not only as an outcast but a sinner. He had to remain outside the camp. Naturally, the leper could have no access to the temple, or even to Jerusalem. Leprosy was, indeed, a living death. It could not get any worse.

One of the most revealing portions of this scripture is the phrase: "Jesus reached out his hand and touched the man." This must have been abhorrent to those surrounding Jesus. How could He touch this man who was considered unclean? It was believed that if you touched someone who was unclean it made you unclean. I'm sure there were gasps as Jesus reached out lovingly to touch this man. It was probably the first time in years that the leper had actually felt another person's touch.

In Luke 7: 34 Jesus was accused by the religious leaders that he was a "friend of sinners". This was meant to be an insult, but for Jesus it not only wasn't an insult but a true description of his character. Yes, He was a friend of sinners and the outcast. He saw them as individuals of worth and value and needing to be loved.

## A HEALING TOUCH

*A man with leprosy came and knelt before him and said, "Lord, if you are willing, you can make me clean." Jesus reached out his hand and touched the man. "I am willing," he said. "Be clean!" Immediately he was cleansed of his leprosy. (Matthew: 8: 2-3)*

Siloam Mission's foundation is to love those who are outcast from society. And over the last year we have continued to carry on Jesus' mission to reach out and touch those who have been left in the margins.

The staff and volunteers at Siloam Mission continue to do a phenomenal job in providing a wider and wider range of services to those in need. Throughout the pages of this Annual Report you will see only part of the great work that has been done. The one thing that we can't show is the hearts of love that went into everything that occurs at Siloam Mission: Those volunteers and staff who come into our kitchen day after day to peel, grind, cut, bake, cook and clean, to assure that we can serve the hundreds of thousands of meals. Those who sort, fold, put on hangars and distribute the clothing for those who have nothing. The drop in staff and volunteers who listen, counsel, pray with those broken by the ongoing trauma and cares in their lives. The medical clinic and the many professional volunteers continuing to bind the wounds and to fix broken bodies. And so many more.

Each one of these individuals followed the example of Jesus and reached out and touched those living in the margins. They brought a heart, mind, voice and hand of love to those who are the most vulnerable. Out of this touch comes healing.

But none of this can be done without the faithful support of our donors – those who provide the resources necessary for feeding, clothing, treating and housing those who are seen as outcasts.

The Board, staff and management of Siloam Mission cannot thank enough everyone who has helped us over the past year to meet the needs that God has placed before us.

### EXECUTIVE STAFF

**Garry Corbett** – Chief Executive Officer

**Floyd Perras** – Executive Director of Strategic Initiatives

**Judy Richichi** – Director of Major Gifts and Corporate Relations

**Laiza Pacheco** – Director of Programs

**Lynda Gilchuk** – Acting Director of Development

**Stephen Martens** – Director of Finance

### BOARD OF DIRECTORS

**Dr. Riley Coulter**, Chair
**Dr. David Neal**, Vice Chair
**Rose Graham**, Secretary
**Gerri Belanger**
**Victor Bergmann**
**Dr. Larry Dahl**
**Penelope Epp**
**Edward Kleinsasser**
**Toby McCrae**
**Colin Taylor**
**Andrea Wiebe**

## Saul Sair Health Centre

The Saul Sair Health Centre (SSHC) is a full service clinic for the homeless and street community of Winnipeg. This modern clinic offers dental, vision, medical, physiotherapy, foot care and in the future, mobile counselling for guests at Siloam. This health centre opened in 2007 with a $1,000,000 donation from the late Mr. Saul Sair who was a pharmacist based in the city's downtown core.

On clinic days, guests line up to get an appointment time with one of the specialists that day and the appointment slots fill up fast! We are so fortunate to have 132 health care professionals who now volunteer at SSHC.

Some other highlights from the fiscal year include:

**11,881** visits to the SSHC reception desk.

**8,030** people were provided with items at the counter and did not require the services of a health professional

**3,512** patients saw a health care professional at SSHC.

**339** participated in physical therapy/use of the 4th floor gym under supervision.

If items distributed at the counter **(18,093)** were to have been purchased at wholesale and not donated the cost would have been $24,578.18 (based on an average of 3 wholesale prices)

**292** eye exams performed, 287 pairs of glasses were prescribed and 510 pairs of reading glasses were distributed.

*Then the King will say .... For I was hungry and you gave me food, I was thirsty and you gave me drink, I was a stranger and you welcomed me, I was naked and you clothed me, I was sick and you visited me, I was in prison and you came to me.... Truly, I say to you, as you did it to one of the least of these my brothers, you did it to me. (Matthew 25: 34 – 40)*

*"Providing holistic health care to Siloam's clients is a blessing that words cannot describe. Imagine. Health for all. How amazing!"*

**— ANGELIKA**

*...Blessed is the one who considers the poor! In the day of trouble the Lord delivers him; the Lord protects him and keeps him alive; he is called blessed in the land... (Psalms 41: 1 – 2)*

# TRANSITION SERVICES TEAM

Siloam Mission's Transition Services program empowers people to enhance their quality of life through support and accountability around self-determined goals. At the end of the year the TS team was working with nearly 180 clients who want to take steps forward and make changes in their lives! Clients accomplished goals including getting ID, connecting to financial resources, starting their recovery from mental health concerns or addictions, receiving care for their physical health needs, and obtaining housing. In 12 months the TS team helped 103 people find housing – 85 of whom were living either in a shelter or on the street.

The TS team helps clients to find hope again for a better future. We work with clients to help them see the value in themselves, regain their confidence, and strive for more. At the core of this process is relationship, and our field trip program contributes greatly to the development of positive relationships. Field trips allow clients to reconnect with experiences beyond the daily coping of homelessness and poverty. These excursions bring together volunteers, staff, and clients in social, relaxed environments in which they can experience the joy of hope and community. By helping people reclaim their potential, Transition Services assists them to live with dignity and respect.

Our TS team carry a caseload of over 135 clients at any given time, assisting them with everything from obtaining ID to finding housing, to accessing mental health support to finding recreational and social activities. Our TS team of staff and volunteers build positive relationships, encouraging participants on a weekly basis to regain their confidence and take positive steps forward. Transition services also create opportunities for clients to participate in a variety of field trips, allowing them to reconnect with experiences beyond the daily coping of homelessness and poverty. These excursions bring together volunteers, staff, and clients in social, relaxed environments in which they can experience the joy of hope and community. By helping people reclaim their potential, Transition Services assists them to live with dignity and respect.

# SPIRITUAL CARE

It was a year of newness and renewal... and isn't that fitting when it comes to spiritual care? The Upper Room Worship Gathering (started Sept.3) – with the former Sunday worship services having a low attendance, and researching the growing availability of church services in the neighbourhood we switched our services to Thursday evening. We also noticed that Sundays were often a very difficult and lonely time for many of our folks. Sunday afternoons for most of us are about winding down and spending time with loved ones. And our folks crave the same thing. We crafted a first entry point for spiritual care providing inspirational entertainment, a relaxing environment and relational bridges, a "living room experience" for our community, where they can watch a movie, listen to some great music, enjoy some snacks and conversation with new volunteers. Sacred ground (opened Jan 2016) has also seen many community members visiting our quiet prayer room, to read, listen to music, pray, perform devotions or just have some time to sit and think in a quiet space. While we don't have the number of total visits there have been 17 recurring guests to the space.

- **Unique Individuals** – This stat tracks the number of individuals that we have spent a short time in one-on-one counsel and prayed with: 14 individuals at the Madison, 25 at princess
- **Memorial Services** – 7 on site at Siloam, 4 at Madison and officiated one memorial off site. We have had more memorials this year. It seems we have more communication with the people who use our services. They are asking for the services.
- **Staff Care** – this tracks the number of staff that I have spent a short time in one-on-one counsel and prayer with.
- **Hospital visits** – We have many staff and volunteers who are visiting the sick in hospital. With increased numbers coming to Siloam and increased staff and volunteers it is very difficult to track these visits. The number quoted is what the Spiritual Care Coordinator has done.
- **Sacred Ground visitors** – Since Jan 2015 we opened the Sacred Ground Prayer Room on the 4th floor and have tracked approximately 15 recurring guests to that space, who have booked more than once to use the space either for their own quiet time or to talk with Spiritual Care.

*What good is it, my brothers, if someone says he has faith but does not have works? Can that faith save him? If a brother or sister is poorly clothed and lacking in daily food, and one of you says to them, "Go in peace, be warmed and filled," without giving them the things needed for the body, what good is that? So also faith by itself, if it does not have works, is dead. But someone will say, "You have faith and I have works." Show me your faith apart from your works, and I will show you my faith by my works.*

*(James 2: 14 -18)*

## MOST

**MISSION OFF THE STREETS TEAM** or **MOST** is a cornerstone within our Building Futures program. MOST is our temporary employment program for participants ready to take the first steps back into the workforce. Structured experience working on public space beautification in Winnipeg's downtown core provides our participants with opportunities to build confidence, develop employment skills, gain a sense of purpose, and earn income. MOST's positive experiences go beyond work, also helping to build self-esteem through enriched social, emotional, spiritual, and financial life skills. The quality of work produced by the MOST teams has been widely praised by many downtown Winnipeg businesses and associations, reinforcing for participants the contributions they make to our community.

This year we had **106** unique individuals work on the MOST team.

They covered **908** KMs of downtown Winnipeg

They also collected **2379** bags of garbage

They walked over **2593** blocks

**ONE** of our participants, Selena, was featured in a MOST video and talked about her journey.

## BUILDING FUTURES

**Building Futures is our vocational rehabilitation**

The program is designed specifically for individuals using our services and who require assistance securing fulfilling, sustainable employment.

This year our participants continued to learn and make positive choices and changes that bring them closer and closer every day to their employment and personal goals.

Our participants are accomplishing everything from gaining their high school equivalency, to entering courses in the trades and gaining fulfilling employment.

Every step they take towards each new endeavor requires immense courage on their part, but each meeting, workshop and interview they complete then assists in building confidence and moving forward with bravery and faith in their abilities.

There is nothing more rewarding than watching our participants grow and be rewarded with all the benefits of their achievements.

# EXIT UP!

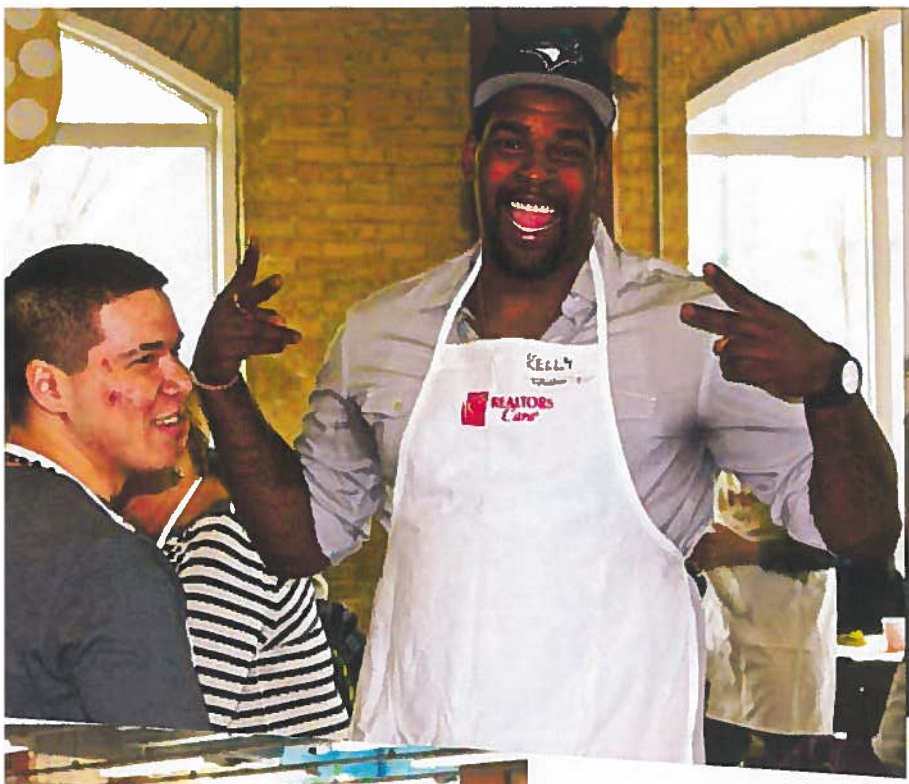
**Exit Up!** Launched in May 2014. The program is multi-faceted, enabling each individual to live interdependently with success. This is done through:

- **housing** – 3 phases with varied support
- **capacity building** – education and training, life skills development, and mentorship
- **strengthening resilience** – recovery from trauma, overcoming challenging barriers, and engaging in healthy coping strategies

It has been a busy year in the Exit up Program. We presently have 15 young adults, seven are residing at the Madison and eight out in the community that we are still actively involved with. Out of the eight residing in the community four have moved out on their own into apartments, two reconnected with family and moved in with them, one moved into treatment and one with a roommate. This school year we had three working on high school credits and we now have four registered for the fall. We presently have four residents that are working and four that are looking for work and building up their resumes'.

# THE MADISON

It was a busy and positive year at our supportive housing facility in Winnipeg's Wolseley neighbourhood... neighbourhood being the operative word. The Madison and the people who call it home have become symbols of community connection and outreach. That's reflected in some of our numbers from the fiscal year. For instance, 24 individuals signed up for our Madison Volunteer Program. That initiative involved a community clean up with close to 100 bags of garbage being removed from the streets of Wolseley. We can't thank the people of Wolseley enough for embracing us and of course we are extremely grateful for your donations that help facilitate this facility of transition.



## VOLUNTEER SERVICES

To say this was another successful year in recruiting folks to share their time and skills with us may be a bit of an understatement. We were once again astounded with the response of Winnipeggers and Manitobans when it comes to their collective giving spirits.

This past fiscal year over 8,800 volunteers generously gave of their time, skills, and compassion. Along with performing tasks from sorting clothing to chopping vegetables, these folks also take part in tours of Siloam. The ensuing education and message sharing can only be described as invaluable.

Volunteers at Siloam help provide many vital programs and services while building meaningful relationships with our community. When volunteers decide to walk through our front doors we believe they make powerful statement about what they want their community to look like. From providing haircuts to hosting movie nights we are constantly creating more ways for volunteers to build capacity in our organization.

On behalf of our entire volunteer services team a huge shout out to all of you who care so much about the community we serve.

*And he said to him, "You shall love the Lord your God with all your heart and with all your soul and with all your mind. This is the great and first commandment. And a second is like it: You shall love your neighbor as yourself.*

*(Matthew 22: 37-39)*

*Mary, Volunteer – The succinct response from Mary when asked why she volunteers at Siloam was "Because I like to give." Mary has been performing important work in our Donor Care Department for 3 years. Thank you for your service Mary and for your kind heart.*

## COMMUNITY EDUCATION

Community Education at Siloam has lots to do with helping students to engage with the larger story of why we do what we do. This year there were some exciting developments in how we tell that story.

In April, we began recording a CD version of Blink's Garden, a story that we've been using in schools to get kids thinking about issues related to homelessness and poverty. The story, the illustrations, and seven songs that go with it are being produced as a CD book for kids by Juno award-winning producer Murray Pulver, along with a cast of local musicians and voice-actors. The dream is that this CD book will be used as the centerpiece for a school package that we can offer to elementary schools who are looking for content to use in their social justice curricula.

In May an entire year's worth of planning and cooperation with the Louis Riel School Division culminated in Youth for Riel Change Day. Students from all over the division gathered at the division offices for a full day of activities to the engage the mind and spirit on the subject or homelessness. In the morning, elementary students were treated to a performance of Blink's Garden, followed by a number of stations where they could deepen their understanding – everything from a living library to and arts station where students could express what they had learned visually. The afternoon saw a room full of middle and high school students gather for a special town hall discussion.

***Siloam Mission's programs and services are provided free of charge, with dignity and respect, and without discrimination. We serve hundreds of people every day, lending a helping hand up to those who need it most.***

*Whoever is generous to the poor lends to the LORD, and he will repay him for his deed.*

*(Proverbs 19:17)*

# FRONT LINE SERVICES

In our Drop In the primary focus is to continually build healthy working relationships with people of all ethnicities, ages, gender, economic and marital status along with religious or spiritual beliefs. Approximately 70 % of the Community Members that utilize the Drop In identify as Indigenous. Also we welcome many of our Community Members who have fallen through the cracks of outside systems. For instance, young adults from the Child Welfare system, mothers and/or fathers who have lost their children to Child and Family Services, young and old adults challenged by the Employment and Income Assistance system, young and old adults exiting or challenged with housing challenges, young and old adults exiting the Justice System, young and old adults trying to exit or who have exited Addiction Treatment Programs, young and old adults working with the Mental Health system. Also we have many Community Members who have experienced life styles within the Residential Schools, Veterans, as well as young and old adults transitioning from First Nations communities, towns and cities. We have also seen a recent increase of Community Members from the Immigration and Refugee communities.

The Drop In is currently overseen by the Drop In and Emergency Shelter Manager, the Drop In Supervisor, 3 Team Leaders (8:00am – 8:15pm), 3 Full Time Morning Staff (6:30am – 3:00pm), 3 Full time evening staff (2:30pm – 10:30pm) along with 20 Part time/Casual staff who accommodate the weekend shifts. We also are very blessed by the additional support of Volunteer Services who organizes many wonderful volunteers to ensure building relationships are at the fore front.

Many Community Members utilize the Drop In to support their current state of homelessness. Although we do have many who come to to supplement their current income, to build and sustain healthy relationships, to move away from addictions, to obtain daily shelter, to practice their faith, to enhance their volunteer opportunities, to enhance their creativity with their Art along with creating and selling art pieces for additional income. Lastly, many of our Community Members live with or are challenged with mental health issues, emotional issues, cognitive developmental delays, addictions issues, financial barriers, and other systematic barriers.

In this year we have been blessed to support thousands of lives based on the fact of those who share a piece of hearts by either donating goods or their time to ensure the building of relationships.

## ART PROGRAM

Siloam's Art Room provides those who are experiencing hardship and homelessness a peaceful space for creative expression. For many of our guests, reconnecting with their talents is a reprieve from day to day struggles and a way to reclaim confidence. Their private expression of hope, everyday experience, and spirituality reminds us that every person has a story. With 499 visits in this past year alone, Karina, an art room coordinator, sees the impact: "the program gives clients a sense of worth and respect for their skills in the community, and with that, knowledge they can help improve the community through the expression of their skills".

## KITCHEN

Bigger is not always better and that certainly applies to the amount of food we served in the last fiscal year.

We have seen a steady increase in growth of the amount of meals served at our 300 Princess Street location.

The total meals served was up by 3% over the 2014-2015 fiscal year, with 507,568 plates of food leaving the kitchen. This is an average of 1387 meals/day. The last 2 years have seen a combined increase in meals of 17%. Last year we were also able to provide 8185 bagged lunches for our community members waking up early in the shelter to go out looking for work. We would be remiss without giving special mention to our incredible kitchen staff team and the volunteers who help accentuate what we do.

We are also very thankful that our donors have been able to provide us with enough food to provide the extra meals needed to our community.

Finally here's to a slower fiscal year when it comes to a strain on our food resources!

## CLOTHING ROOM

The clothing room continues to be a hub of activity and positivity at Siloam.

Six days a week we provide dignity, respect and safety through clothing and hygiene donations along with personal interaction.

Once again this service was fueled by the many donations we received from public and private donations.

Countless individuals, businesses and groups embarked on clothing and hygiene related drives on our behalf. Every one of these initiatives proved to be wonderful reaffirmation for what our branch of Siloam does on a weekly basis.

This last year we have expanded our room from being open 5 times a week to 11.

We also decided to give our guests more time to make choices as we changed from 5 minute to 15 minutes appointments. This has proven to be a popular decision.

*"To see the light in people's eyes when they find a piece of clothing they love, gives me hope that the light inside them will grow in to an inner value of love."*

— LAURA

In another attempt to help empower our guests, visitors to the clothing room are now able to pick appointment times. We also have added a staff which has created consistency, and lowered incidents.

Here now is a look at some interesting stats from the clothing file this year:

**Volunteer hours – 16,387**

**Volunteers – 3,182**

**Clothing room visits – 15,065**

We cannot begin to adequately express our gratitude for the volunteer hours and the donations that came our way in the last fiscal year. **Thank you Winnipeg. Thank you Manitoba.**

# FACILITIES

It was a very busy and productive year when it comes to Siloam's infrastructure. First and foremost we welcomed a new facilities manager, Paul Talaroc to the team. Paul has quickly proved to be an invaluable addition especially as we go forward with proposed renovation and expansion plans. Here now is a summary of the work completed this fiscal year.

### To all Buildings:

- We renewed our contract with Lowe Mechanical for Preventive Maintenance of HVAC and Boilers.
- We hired Bison Fire Company to conduct fire alarm equipment inspections and repairs.
- We passed city inspection when it comes to fire alarms
- We were also pleased to learn that all boilers passed city inspection.
- We were delighted to receive a forklift from our Hutterite partners and a pickup truck donation from Jim Gauthier. Both gifts are being used extensively.

### 300 Princess Street:

As you can imagine there was lots of work to be done on our primary building. Here are some of the more significant projects that were completed:

- The stairs threads for the entrance to our Drop In were replaced.
- We performed significant upgrades to the divisions, sink faucets and flush valve in the Drop-In washrooms.
- The HVAC thermostat control in the Drop In was upgraded into WIFI control.
- Drop in coffee machine issues were resolved by changing with new parts and skilled technician.
- The walls outside the Drop in were repainted by members of the Mission Off The Streets (MOST) team.
- All sink faucets and urinal flush valves were replaced in the Shelter washrooms.
- All sink faucets were changed in the women's washroom on the third floor.
- Office cubicles were assembled on the third and fourth floor to accommodate new staff members.

### 210 Evanson Street – The Madison

The Madison continues to be an integral part of our Transition Services at Siloam. This building also experienced several upgrades this fiscal year.

- We replaced 10 entrance doors. Our goal is to eventually replace all 85.
- It's been determined that we need to replace the kitchen exhaust system in the near future.
- We Upgraded fire alarm suppression in the kitchen area.

### 309/311 Logan Street

You may not be aware, but just southwest of our main building sits 309/311 Logan Street. This space is invaluable as a storage facility. It also serves as a meeting place for our MOST team before they head out on their shifts for the day. This building also saw some developments.

- An occupancy permit for the building was granted.
- Some doors were changed along with a number of other esthetic improvements.

### 303 Stanley Street

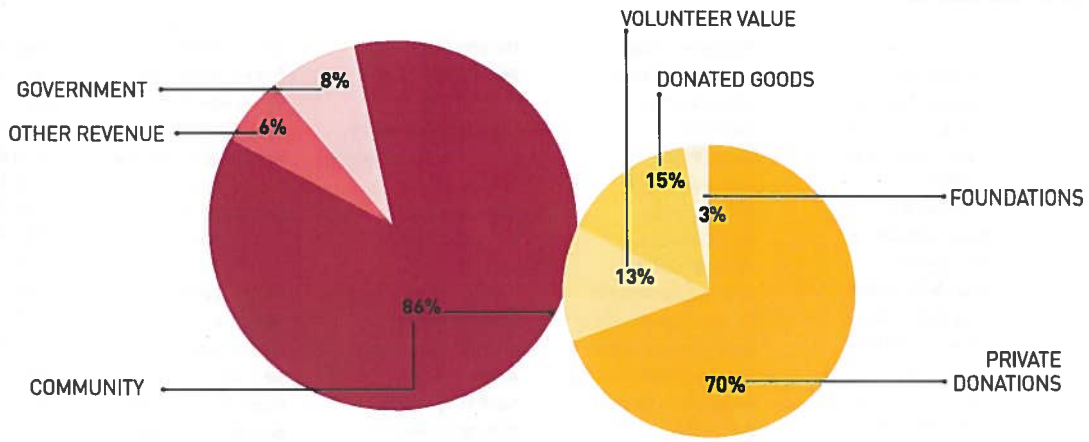
Last but certainly not least is 303 Stanley. This building sits directly behind our loading dock at 300 Princess. 303 Stanley will be the location of our expanded dining facility. We are excited at the prospects this space holds for us and we are delighted to say that renovations of that space are progressing nicely.

- Roof renovations are progressing well and should soon be completed.
- Demolition inside the building is now well underway with renovation slated for this fall.

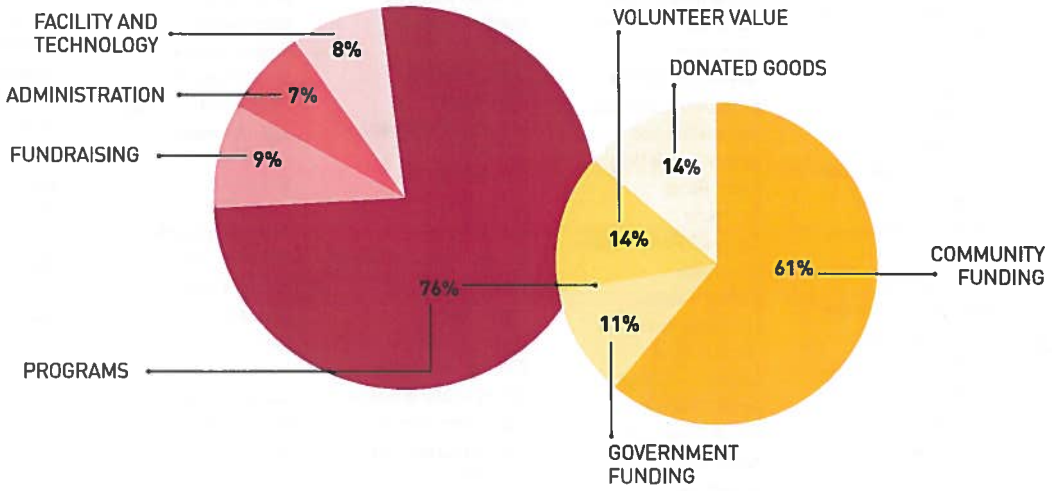
Bricks and mortar may not be the most exciting topic to read about, but we cannot stress enough how vital our facilities are to the people we serve. Thanks to your generosity, we are able to keep the lights on and the walls up. Thank you.

# FINANCIAL SUMMARY MAY 1, 2015 – APRIL 30, 2016

## RESOURCES 2015-2016



## EXPENSES 2015-2016



| MONETARY RESOURCES | 2015-2016 |
|---|---|
| Community support | 6,419,247 |
| Government support | 873,993 |
| Foundation support | 311,537 |
| Private fee for service, sales and rentals | 603,882 |
| Interest and sundry | 65,360 |
| Net deferred contributions | - |
| **NON MONETARY RESOURCES** | |
| Gifts in kind | 324,435 |
| Donated goods | 1,124,598 |
| Volunteer value | 1,173,881 |
| **TOTAL RESOURCES** | **10,896,933** |

| MONETARY EXPENSES | 2015-2016 |
|---|---|
| Programs | 5,510,041 |
| Fundraising | 968,940 |
| Administration | 755,472 |
| Facility and Technology | 867,793 |
| **NON MONETARY EXPENSES** | |
| Gifts in kind | 324,435 |
| Donated Goods | 1,124,598 |
| Volunteer Value | 1,173,881 |
| **TOTAL EXPENSES** | **10,725,159** |
| **EXCESS REVENUE OVER EXPENSES** | **171,774** |

1) The value of donated goods is determined based on the volume of donated goods utilized during the year and their estimated market value.

2) Volunteer value is determined based on contributed hours recorded and hourly rates. During the year volunteers contributed 83,769 hours; regular volunteer hours of 81,273 at $13.00/hour and professional volunteer hours of 2,496 at $30.00/hour.

**Complete audited financial statements provided by Chambers Fraser Professional Accountants are available at www.siloam.ca**

# THANK YOU

## WITH SPECIAL THANKS TO:

Thank you to the thousands of people who have shared their time and resources with Winnipeg's less fortunate and thank you to the thousands of people who prefer to remain anonymous! Your compassion makes hope possible.

**We make every effort to get permission to celebrate your gift. If your name is missing we sincerely apologize! Please contact us at 204 956 4344 so we can add you to the list!**

# LEGACY GIVING – BEQUESTS!

Bequests have a substantial impact on the lives of people experiencing homelessness and poverty by supporting the future work of Siloam Mission. Those who leave a bequest to Siloam come from all walks of life – farmers, teachers, office workers, professionals – and though they have had varied backgrounds, what united them was the desire to make a difference for others by leaving a legacy.

We are humbly grateful for the bequests we have received. Here is recognition for the legacy gifts we have received since 2011. These generous gifts total almost $1Million.

Estate of Bonnie Bileski
