STANDING POLICY COMMITTEE ON WATER AND WASTE, RIVERBANK MANAGEMENT AND THE ENVIRONMENT

QUESTION PERIOD

Minute No. 165

Councillor Eadie cited the amendment to the bulky waste motion from the December 14, 2016 meeting of Council which called upon the Administration to come back with the cost difference between private and public service providers and asked if the Chair of the Standing Policy Committee on Water and Waste, Riverbank Management and the Environment would demand the Administration to provide said details. Councillor Mayes advised there was an extension of time granted at today's meeting of Council for the Administration to report back and further advised that he would like to see as much detail as possible.

Councillor Eadie asked if the Chair of the Standing Policy Committee on Water and Waste, Riverbank Management and the Environment agreed that the detail in financial information was required to evaluate and make decisions; to which Councillor Mayes replied in the affirmative.
