STANDING POLICY COMMITTEE ON INNOVATION

QUESTION PERIOD

Minute No. 201
Councillor Browaty referred to Item 5 of the Report of the Standing Policy Committee on Innovation dated February 3, 2017, regarding a Solar-Powered Garbage and Recycling Compactor Pilot Project, and questioned why the timeframe for report back, in October 2017, was so lengthy for what should be a fairly simple report; to which Councillor Gilroy advised that was the time frame provided by the Winnipeg Public Service.

Councillor Browaty questioned if the Chair would accept the report earlier if it was ready; to which Councillor Gilroy replied in the affirmative.
