City of Winnipeg
Executive Policy Committee-April 19,2017

Dear Committee Members,

I'm here on behalf of my neighbors to express concerns with respect to Item # 10 . The first reading of the North St.Boniface Secondary Plan By-Law # 30/2017 to replace the existing by law # 965/1975.

The Public at this time is not aware the City of Winnipeg intends to replace the existing by-law with a new one. On June 7,2016, The Urban Planning staff held a community open house and did not mention replacement of the current by-law in its entirety but only to amend the current by-law.

Public Service has a full analysis of the proposed Plan, including a recommendation from the Planning, Property and Development Department , along with supporting background information in which will only be provided in a subsequent report and submitted only for the public hearing.

In all fairness to the People who reside in this area the report should be released prior to the public hearing in a timely manner in order to digest the results of the open house. People cannot respond intelligently to any consultation if they are not provided with the information in advance.

Therefore on behalf of my neighbors we are requesting that the "full analysis of the proposed Plan,..." be made available to the public and to the Old St.Boniface Resident Association a minimum **of 30 days before a scheduled public hearing**, And that Winnipeg Public Services coordinate the choice of the public hearing date with the Old St.Boniface Resident Association, and other stakeholders, to minimise absence due to preventable duplication of events in St Boniface.

Respectfully Submitted,

Real Rioux

Concerned Resident in the affected area.

Real Rioux

Subject: RE: Proposed -North St.Boniface Secondary Plan-Parkway

Hello Réal,

Thank you for your email. I notice that you and the residents association have some follow up questions regarding the proposed changes to the North St. Boniface Secondary Plan. In order to coordinate a response with your association, perhaps it would make sense for you to meet and discuss the secondary plan and provide a list of clarifying questions to me so that we can respond in a coordinated manner. Also, may I ask, who from the Residents Association will be the primary point of contact.

Regards,

Richard Mahé
Planner III
Planning, Property and Development

Subject: Proposed -North St.Boniface Secondary Plan-Parkway

Hello Richard,

In the proposed North St.Boniface Secondary Plan 30-2017.

Question # 1 Is the planned public riverbank parkway referred to in Article 2.2.7 the one council approved in 2011 in "OUR WINNIPEG"?
