Agenda – Executive Policy Committee – May 10, 2017

REPORTS

Item No. 4 Single Source Negotiation and Award of Contract for the Supply of Software Update License and Support Agreements for the City's PeopleSoft System (146-2017)

WINNIPEG PUBLIC SERVICE RECOMMENDATION:

1. That the Executive Policy Committee approve the single source negotiation and award of contract with Oracle Canada ULC in the amount of $1,008,426.49 plus GST and MSRT for the supply of a one-year Software Update License & Support agreements for the City's PeopleSoft System, for the period June 19, 2017 to June 18, 2018.

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

ADMINISTRATIVE REPORT

Title: Single Source Negotiation and Award of Contract for the Supply of Software Update License and Support Agreements for the City's PeopleSoft System (146-2017)

Critical Path: Executive Policy Committee

AUTHORIZATION

Author	Department Head	CFO	CAO

EXECUTIVE SUMMARY

The PeopleSoft suite of software applications is used by all City of Winnipeg departments to fulfill necessary Finance and Human Resource administration functions.

This request is for the approval to procure PeopleSoft support and maintenance for a one year term. PeopleSoft support and maintenance ensures that the system is stable and is available for the provision of critical services such as purchasing, paying our vendors and paying our workforce.

RECOMMENDATIONS

1. That the Executive Policy Committee approve the single source negotiation and award of contract with Oracle Canada ULC in the amount of $1,008,426.49 plus GST and MSRT for the supply of a one-year Software Update License & Support agreements for the City's PeopleSoft System, for the period June 19, 2017 to June 18, 2018.

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

As the value of the contract exceeds $1 Million, Executive Policy Committee must approve the Single Source Negotiation and Award of Contract, pursuant to the Materials Management Policy.

IMPLICATIONS OF THE RECOMMENDATIONS

Maintaining the agreements of the PeopleSoft systems will ensure the City of Winnipeg is operating supported and licensed software for this administration.

HISTORY/DISCUSSION

In 2002, under the auspices of the Connexus Project, the City purchased multiple PeopleSoft application modules to perform a wide variety of administrative functions, including Financial, Purchasing, Inventory, Budgeting, Human Resources, and Payroll. In 2004, PeopleSoft was acquired by Oracle Corporation. The City relies on Oracle Canada ULC to provide certified support for problem and issue resolution, plus the provision of version upgrade software to protect the City's investment and enhance the functionality of the City's installed applications. The software license and services agreement defines the support services to be provided by Oracle Canada ULC to the City.

From June 19, 2002 to June 18, 2016, the City maintained continuous support for the PeopleSoft suite of applications through first a 5-year, then a 3-year, and finally five 1-year contracts. This agreement will extend that support for one year.

The single source award is recommended to purchase service provided under the agreement, which is essential for the viability and continued operation of the PeopleSoft suite of applications. Oracle Canada ULC is the only supplier certified to provide this service and the associated support.

This procurement is subject to the Agreement on Internal Trade (AIT) which permits Sole Supplier Procurement in the following circumstances: "to ensure compatibility with existing products, to recognize exclusive rights, such as exclusive licenses, copyright and patent rights, or to maintain specialized products that must be maintained by the manufacturer or its representative" (Appendix "D" (a)).

The Corporate Support Services Department has reviewed the quotes and is satisfied that, based on the experience of 14 years of support, Oracle Canada ULC has the capacity and experience to successfully fulfill the software license and services requirements of the quotation. This IT expenditure has been approved by the Director of Corporate Support Services.

The amount in the recommendation will be paid in its entirety in June 2017.

Cost Benefit Analysis

Currently there are no practical alternatives to renewing our licenses and support of PeopleSoft. We are obligated to renew this service in order to maintain support of our significant investment.

As support is required for regulatory updates (such as tax updates), allowing support payments to lapse is not an option. This would carry significant risk. Without support, we would not be able to guarantee many critical services such as purchasing, paying our vendors and paying our workforce.

FINANCIAL IMPACT

Financial Impact Statement

Date: February 27, 2017

Net Budget Adjustment Required	$ -	$ -	$ -	$ -	$ -

Additional Comments:

1.The direct costs above represent $1,008,426.49 plus $80,674.12 MRST for a total of $1,089,100.61. The contract period is from June 19, 2017 to June 18, 2018.

2. Funding will be available through the 2017 Corporate Support Services approved operating budget (account 001-531060-343302-107).

3. The supplier will collect GST and MRST. However, GST is not included in the above costs as the City receives 100% rebate on this tax.
