Agenda – Executive Policy Committee – July 12, 2017

REPORTS

Item No. 5 Access Advisory Committee – Empress Street and Overpass Reconstruction and Rehabilitation Study

COMMITTEE RECOMMENDATION:

On June 27, 2017, the Access Advisory Committee recommended to the Executive Policy Committee that the Winnipeg Public Service be directed to investigate and ensure that accessibility is built into the Empress Street and Overpass Reconstruction and Rehabilitation Study.

DECISION MAKING HISTORY:

COMMITTEE RECOMMENDATION:

On June 27, 2017, the Access Advisory Committee passed the following resolution:

WHEREAS the Empress Street and Overpass Reconstruction and Rehabilitation Study project consultation has led to the Access Advisory Committee's concern that an accessible route will not be designed into the project;

AND WHEREAS the consultant has indicated that creating an accessible route will prevent the project from moving forward;

THEREFORE BE IT RESOLVED that Executive Policy Committee direct the Winnipeg Public Service to investigate and ensure that accessibility is built into the Empress Street and Overpass Reconstruction and Rehabilitation Study.
