RE: Technical Amendment to Municipal By-law Enforcement Act (MBEA) By-law

Please find enclosed a By-law which will amend Appendix A of the Municipal By-law Enforcement Act (MBEA) Enabling By-law by replacing references to the Fire Prevention By-law No. 150/2004, and sections within it, with a reference to the Fire Prevention By-law No. 35/2017 and sections within it.

These changes were necessitated when Council enacted the Fire Prevention By-law No. 35/2017, which replaced By-law No. 150/2004. As a result, some provisions, though not substantially altered, were given new section numbers.

The attached amending By-law will ensure that the references in the MBEA Enabling By-law refer to the new section numbers for the relevant provisions of the new by-law. As such, I consider this a technical amendment which can be brought to Council as a communication.
