RE: DAC 1/2005 – PROPOSED CLOSING OF PUBLIC ROAD PLAN 7559, CROZIER AVENUE AND PART OF PERFANICK DRIVE FOR INCORPORATION INTO DASZ 50/2004

For submission to:	The East Kildonan-Transcona Community Committee
Report date:	March 29, 2005
Recommendations:	1. That the proposed street closings as shown on Misc. Plan No. 12510 be approved and that the land be declared surplus to the City's needs. 2. That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the closings in accordance with Misc. Plan No. 12510. 3. That the Developer be responsible for maintaining access to Peguis Street and Perfanick Drive from the Public Road shown on Misc. Plan No. 12510 until the roadway for Concordia Avenue East is open to traffic. 4. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REPORT SUMMARY

Key Issues:

- The streets are proposed to closed and incorporated into DASZ 50/204, an application to subdivide and rezone the adjoining lands. The subdivision will re-open Perfanick Drive in a reduced width.
- The recommendations in this report are intended to facilitate the development of the lands under DASZ 50/2004 while maintaining the rights of residents living on the south side of Perfanick Drive to continued access to their properties.

Implications of the Recommendation(s):

General implications:

- [X] **None**
- [ ] **For the organization overall and/or for other departments**
- [ ] **For the community and/or organizations external to the City of Winnipeg**

REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

Crozier Avenue and Perfanick Drive were created in 1877 by the establishment of the Parish of Kildonan. The Public Road was created in 1961 by By-Law 1564 of the R.M. of East Kildonan.

In December of 2004, the Planning, Property and Development Department received a request from Qualico Developments (Winnipeg) Ltd. to incorporate the subject streets into DASZ 50/2004, an application to subdivide and rezone in Phase 2 of the Harbour View South subdivision.

The Public Road will be rendered obsolete by the construction of the roads in the subdivision. Crozier Avenue does not physically exist. Perfanick Drive will be reduced from 99 feet to 18.0 metres in width by closing the northerly 12.175 metres.

DISCUSSION:

Closing and Re-Opening Perfanick Drive

Perfanick Drive will be closed, in a legal sense, for a moment in time when the closing by-law is registered in the Winnipeg Land Titles Office. It will immediately be opened again, in its reduced width, by the plan of subdivision. This method of closing the street and re-opening it is preferred for legal and surveying reasons, and is superior to simply closing the northerly 12.175 metres of the street. At no time will the street be physically closed to traffic.

Retaining Access for Existing Residences on Perfanick Drive

There are 7 residences fronting on the south side of Perfanick Drive. These property owners use the Public Road and Peguis Street to access their properties. The City of Winnipeg Charter states that the City may not close a street and prevent a property owner from accessing his or her property without compensation. The proposed closings will allow the subdivision to proceed without closing the existing roadways in Perfanick Drive or Peguis Street. These streets will remain open until they are no longer required.

The access from the Public Road will be replaced by access from Concordia Avenue East. Until that roadway has been constructed, the Developer should be responsible for maintaining the existing roadway to allow the area residents continued access from Ham Street.

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

Easements

The Water and Waste Department advises that there is an existing 1800mm wastewater interceptor sewer crossing through the proposed subdivision, falling primarily within the Peguis

Street right-of-way, as well as a 30mm Wastewater sewer in the Crozier Avenue right-of-way. There are easement agreements identifying the City's requirement to maintain the interceptor sewer as it passes through the proposed subdivision. The Water and Waste Department has no objections to the proposed closings based on the understanding that the easement requirements are maintained. An easement will be required for the sewer in the Crozier right-of-way. This and all other easement/relocation requirements will be addressed under the subdivision approval process.

Conveyance of Streets for $1.00

The area of the streets being created by the subdivision exceeds the area of the streets being closed. In accordance with City policy, the closed streets will be conveyed to the Developer for the nominal sum of $1.00.

Transfer of Jurisdiction Over Public Rights-of-Way

The streets must be legally closed before they may be incorporated into the subdivision. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
