Message:
In regards to EPC Agenda item #5, I wish record with my views on the public record. My partner, David Ames and I moved into our dream home with our five children in May 2017. After searching for almost a year to begin our lives together as a blended family, we fell in love with our Loudoun home. A place for us to raise our children in a calm peaceful community, with wonderful loving neighbours that have quickly become extended family.
The events after receiving our registered letter in the mail to attend the public meeting in early October has affected our lives tremendously. Sleepless nights not knowing what will become of our dream home and it's surrounding property. Many discussions of reassurance with our children ensuring things will be ok with our home and our neighbours homes. All of this because proper communication and engagement was not done by our city.
I am so very proud to be a part of a close knit community that has banded together in such a small amount of time to ensure social justice and proper public engagement prevail. The thought of a four land divided road tearing through our community is gut wrenching. Every day I look out into a peaceful safe community watching our children play with neighbours enjoying playing outside running to and from eachothers homes without worry, knowing they are safe.
A FOUR LANE DIVIDED ROAD DOES NOT BELONG RIPING THROUGH A QUIET RESIDENTIAL COMMUNITY.
I will ONLY support the twinning of Wilkes for the development and expansion of the east west corridor.
