Report - Standing Policy Committee on Downtown Development - June 9, 2005

Item No. 1 Rezoning - east side of Waterfront Drive between Galt Avenue and McDermot Avenue
File DAZ 226/2005

STANDING COMMITTEE RECOMMENDATION:

On June 15, 2005, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Downtown Development and submits the following to Council:

1. That the Downtown Winnipeg Zoning By-Law No. 100/2004 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 226/05, and dated May 19, 2005, to "Riverbank Sector".

2. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

3. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

4. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

5. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report - Standing Policy Committee on Downtown Development - June 9, 2005

DECISION MAKING HISTORY:

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On June 15, 2005, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Downtown Development and submitted the matter to Council.

STANDING COMMITTEE RECOMMENDATION:

On June 9, 2005, the Standing Policy Committee on Downtown Development concurred in the administrative recommendation and submitted the matter to the Executive Policy Committee and Council.

The Standing Policy Committee on Downtown Development provided the following supporting reasons for its recommendation:

1. The Standing Policy Committee on Downtown Development agreed with the administrative comments contained in the report of the Manager of Planning and Land Use dated May 30, 2005.

2. The rezoning is consistent with Plan Winnipeg.

3. The use is appropriate for riverbank land use.

On April 4, 2005, The Standing Policy Committee on Downtown Development concurred in the administrative recommendation, namely:

1. That the Director of Planning, Property, and Development be instructed to initiate an application to rezone properties east of Waterfront Drive from "Downtown Living Sector" to "Riverbank Sector", under Downtown Winnipeg Zoning By-Law No. 100/2004;

2. That the public hearing for the rezoning application be scheduled before the Standing Policy Committee on Downtown Development in accordance with the Development Procedures By-Law requirements.

On February 28, 2005, The Standing Policy Committee on Downtown Development requested that the Director of Planning, Property, and Development submit a report to the meeting scheduled for April 4, 2005, relative to initiating an application to rezone properties east of

Report date: March 21, 2005

Recommendations:

1. That the Director of Planning, Property, and Development be instructed to initiate an application to rezone properties east of Waterfront Drive from "Downtown Living Sector" to "Riverbank Sector", under *Downtown Winnipeg Zoning By-Law* No. 100/2004;
2. That the public hearing for the rezoning application be scheduled before Standing Policy Committee on Downtown Development in accordance with the *Development Procedures By-Law* requirements.

REPORT SUMMARY

Key Issues:

- *Downtown Winnipeg Zoning By-Law* No. 100/2004, which came into force and effect on June 23, 2004, established a "Downtown Living Sector" along both sides of Waterfront Drive;
- The City of Winnipeg owns all of the properties within that portion of the "Downtown Living Sector" east (river side) of Waterfront Drive;
- The "Downtown Living Sector" designation does not clearly align with Council policies and expectations for the properties located east of Waterfront Drive.

Implications of the Recommendation(s):

General implications:

	None
	For the organization overall and/or for other departments
X	**For the community and/or organizations external to the City of Winnipeg**
	Involves a multi-year contract

Comment(s):

- The subject properties will be subject to more restrictive zoning regulations under the "Riverbank Sector" designation.

REASON FOR THE REPORT:
On February 28, 2005, Standing Policy Committee on Downtown Development requested that the Director of Planning, Property, and Development submit a report to committee's April 4, 2005 meeting regarding rezoning properties along the east side of Waterfront Drive, from "Downtown Living Sector" to "Riverbank Sector" (*Downtown Winnipeg Zoning By-Law* No. 100/2004).

Public hearings regarding rezoning applications in Downtown Winnipeg are required before Standing Policy Committee on Downtown Development.

HISTORY:
Following public forums (November, 2002) and facilitated workshop sessions (March, 2003), Planning, Property, and Development Department initiated application to replace the former downtown zoning by-law (No. 4800/88) with the new *Downtown Winnipeg Zoning By-Law* (No. 100/2004).

The properties along the east side of Waterfront Drive (from Galt Avenue to McDermot Avenue) were zoned "Downtown Living Sector" under the new *Downtown Winnipeg Zoning By-Law*. See Attachment 1—Current Zoning Map.

The public hearing on the new downtown zoning by-law was held before the new Standing Policy Committee on Downtown Development in June, 2004. Council subsequently approved the by-law and brought it into force and effect later that month.

DISCUSSION:
Planning, Property, and Development Department recommends the subject properties be rezoned to "Riverbank Sector" to align with Council's commitments and policies regarding the acquisition, use, and management of these specific riverbank properties and those city-wide. See Attachment 2 - Recommended Zoning Map.

Council's vision for these properties is expressed collectively in the following policies and guidelines:

- *Plan Winnipeg: 2020 Vision*;
- *CentrePlan: Vision & Strategies*:
- *CentrePlan: Development Framework*;
- *Downtown Winnipeg Urban Design Guidelines*;
- *Priorization of Development for a City-wide Riverbank Parkway System*; and
- *Ad Hoc Committee on Riverbank Acquisition, Policy and Priorities, Management, and Land Use*.

Together, these policies and guidelines foresee an interconnected linear parkway system. The parkway system provides public access along the riverbanks, integrated with the adjacent neighbourhoods via streets and pathways linked to the rivers at a number of activity nodes. These nodes have many forms and encourage public gathering at a variety of intensities - ranging from casual viewpoints to programmed public activity areas such as The Forks. The Alexander

Docks site is envisioned as a key focal point for inviting visitors into the Exchange District and connecting Exchange District denizens to the North Winnipeg Parkway System.

None of these policies and guidelines prevents or prohibits development of riverbank properties in general or the Alexander Docks site in particular. On the other hand, they do encourage development of the subject properties to be of a form and function that strengthens public access opportunities to, from, and along the Red River and that its operations have a clear connection to its riverbank location.

The subject properties are located along the west bank of the Red River. These properties are a portion of the North Winnipeg Parkway System. The site has a long history of river-related and public gathering uses.

The *Downtown Winnipeg Zoning By-Law* includes four zoning sectors -"Multiple-Use Sector", "Character Sector", "Downtown Living Sector", and "Riverbank Sector". The "Riverbank Sector" Intent Statement (downtown zoning by-law, Part 6) reads:

> *"This sector is intended primarily for the use and enjoyment of the public. Uses supportive of and accessory to a continuous linear parkway and public gathering nodes are encouraged. In order to ensure that views and access to and from the Red and Assiniboine rivers are enhanced, urban design review in this sector will encourage modestly-scaled buildings and structures, as well as high-quality built form."*

Rezoning the subject properties from the current "Downtown Living Sector" designation to "Riverbank Sector" accommodates a more limited range of uses and reduced built forms (i.e. building height, density, yards) representative of Council's commitments to riverbank sites in Downtown Winnipeg.

Financial Impact Statement Date: March 17, 2005

COMMENTS:

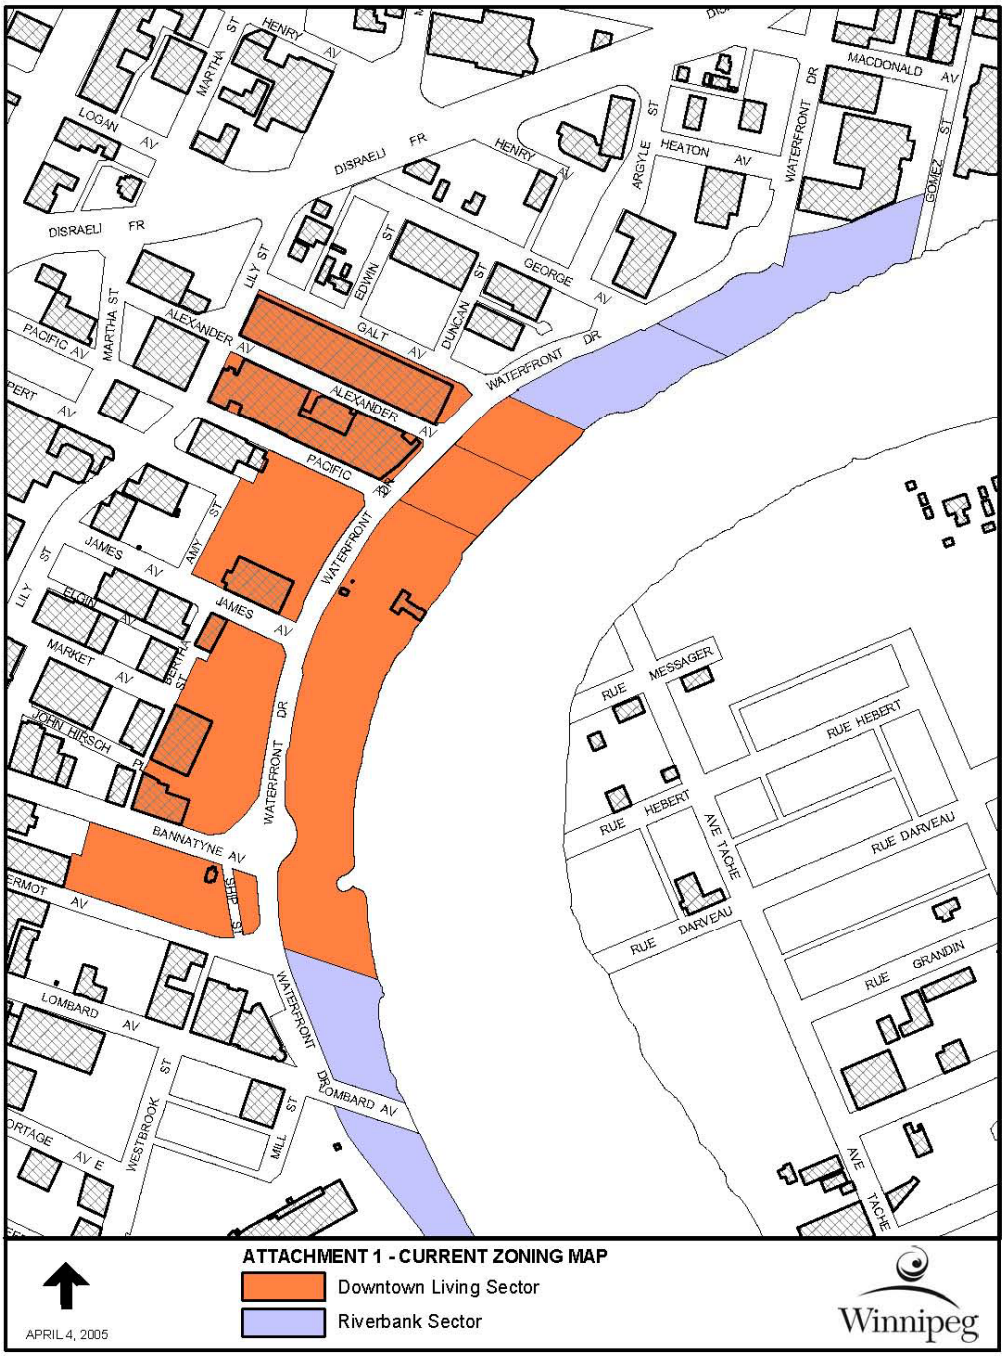

The recommendations are that the Director of Planning, Property, and Development be instructed to initiate an application to rezone properties east of Waterfront Drive from "Downtown Living Sector" to "Riverbank Sector", under Downtown Winnipeg Zoning By-Law No. 100/2004 and that the public hearing for the rezoning application be scheduled before Standing Policy Committee on Downtown Development in accordance with the Development Procedures By-Law requirements. There are no financial implications associated with these recommendations.

REASON FOR THE REPORT:
Public hearings regarding rezoning applications in Downtown Winnipeg are required before Standing Policy Committee on Downtown Development, in accordance with the *Development Procedures By-Law* No. 5893/92.

HISTORY:
Following public forums (November, 2002) and facilitated workshop sessions (March, 2003), the Planning, Property, and Development Department initiated application to replace the former downtown zoning by-law (No. 4800/88) with the new *Downtown Winnipeg Zoning By-Law* (No. 100/2004).

The properties along the east side of Waterfront Drive (from Galt Avenue to McDermot Avenue) were zoned "Downtown Living Sector" under the new *Downtown Winnipeg Zoning By-Law*. See Attachment 1 - Current Zoning Map.

The public hearing on the new downtown zoning by-law was held before the new Standing Policy Committee on Downtown Development in June 2004. Council subsequently approved the by-law and brought it into force and effect later that month.

On April 4, 2005, Standing Policy Committee on Downtown Development instructed the Director of Planning, Property, and Development to initiate application to rezone properties east of Waterfront Drive from "Downtown Living Sector" to "Riverbank Sector", under *Downtown Winnipeg Zoning By-Law* No. 100/2004.

DISCUSSION:
Planning, Property, and Development Department recommends the subject properties be rezoned to "Riverbank Sector" to align with Council's commitments and policies regarding the acquisition, use, and management of these specific riverbank properties and those city-wide. See Attachment 2—Recommended Zoning Map.

Council's vision for these properties is expressed collectively in the following policies and guidelines:

- *Plan Winnipeg: 2020 Vision*;
- *CentrePlan: Vision & Strategies*:
- *CentrePlan: Development Framework*;
- *Downtown Winnipeg Urban Design Guidelines*;
- *Priorization of Development for a City-wide Riverbank Parkway System*; and
- *Ad Hoc Committee on Riverbank Acquisition, Policy and Priorities, Management, and Land Use*.

Together, these policies and guidelines foresee an interconnected linear parkway system. The parkway system provides public access along the riverbanks, integrated with the adjacent neighbourhoods via streets and pathways linked to the rivers at a number of activity nodes. These nodes have many forms and encourage public gathering at a variety of intensities - ranging from casual viewpoints to programmed public activity areas such as The Forks. The Alexander

Docks site is envisioned as a key focal point for inviting visitors into the Exchange District and connecting the Exchange District to the North Winnipeg Parkway System.

None of these policies and guidelines prevents or prohibits development of riverbank properties in general or the Alexander Docks site in particular. On the other hand, they do encourage development of the subject properties to be of a form and function that strengthens public access opportunities to, from, and along the Red River and that its operations have a clear connection to its riverbank location.

The subject properties are located along the west bank of the Red River. These properties are a portion of the North Winnipeg Parkway System. The site has a long history of river-related and public gathering uses.

The *Downtown Winnipeg Zoning By-Law* includes four zoning sectors -"Multiple-Use Sector", "Character Sector", "Downtown Living Sector", and "Riverbank Sector". The "Riverbank Sector" Intent Statement (downtown zoning by-law, Part 6) reads:

> *"This sector is intended primarily for the use and enjoyment of the public. Uses supportive of and accessory to a continuous linear parkway and public gathering nodes are encouraged. In order to ensure that views and access to and from the Red and Assiniboine rivers are enhanced, urban design review in this sector will encourage modestly-scaled buildings and structures, as well as high-quality built form."*

Rezoning the subject properties from the current "Downtown Living Sector" designation to "Riverbank Sector" accommodates a more limited range of uses and reduced built forms (i.e. building height, density, yards) representative of Council's commitments to riverbank sites in Downtown Winnipeg.

Financial Impact Statement Date: May 19, 2005

COMMENTS:

The recommendations in this report deal with a proposal to rezone properties located east of Waterfront Drive from "Downtown Living Sector" to "Riverbank Sector". There are no direct financial implications to the City of Winnipeg associated with the recommendations.
