Subject: re: Money for the South Winnipeg Recreational Centre

To the City Clerk and Mayor of Winnipeg,
I and my family are residents of South Winnipeg and are concerned with the lack of recreation infrastructure in our part of the City. I understand that SWAT is speaking about this and I would like to voice my support for their initiatives. Unfortunately we are unable to make it down to City Hall to support Councillor Lukes and the SWAT community groups tomorrow, but we are strongly in favour of a recreational facility for South Winnipeg.
Especially with the addition of Waverley West now the services are stretched to the limit for the library, Margaret Grant Pool, and the small local community clubs. This is now one of the largest divisions of the city and we would appreciate some consideration for facilities to be built to service this rapidly expanding area. Please include some funding in the City's 2018 Draft Operating budget for this much needed project.
It has been proven that most people are not getting enough physical activity and a new recreational facility could help turn this statistic around.
Thank you for listening to our concerns,
Jane and Zenon Romaniuk
