Subject: Proposed budget

Dear Mr. Gameiro

Please be advised that we DO NOT support the proposed budget which lacks the funding for recreation facilities in South Winnipeg.

This area is LONG overdue. I can't believe this is even a question in the budget.

We pay good taxes here and deserve funding for recreation facilities.

I would like this email to be submitted to the Executive Policy Committee for consideration at the meeting on December 5, and be included on the public record as part of the committee minutes.

Regards,

Kelly Crawford
