REASON FOR THE REPORT:

Lease agreements with terms of 10 years or greater require Council approval.

HISTORY:

The former Parks and Recreation Department, Lord Selkirk/West Kildonan Community Parks and Recreation Branch built the existing recreation building in 1977. This building was constructed on the former Argyle/Aberdeen School Site, currently known as Nijimahkwa. A portable wading pool was constructed in 1974 by the City of Winnipeg at a cost of $10,500. In 1990, this pool was converted to a permanent wading pool. Other amenities at the site include tennis courts and a play structure, which are maintained by the Winnipeg School Division.

The Winnipeg Boys and Girls Club currently uses the building and has an extensive history of providing youth programs at this site. The Boys and Girls Club provides a variety of programming including educational assistance, counseling, and drop-in recreational activities.

At a meeting held on February 4, 2003 the Lord Selkirk-West Kildonan Community Committee advised of its concurrence with the draft terms of the Joint Use Lease Agreement to be entered

into between the City of Winnipeg and the Winnipeg School Division for the use of Nijimahkwa School.

DISCUSSION:

This lease will formalize a community partnership that already exists between the community, the Boys and Girls Club of Winnipeg and the City of Winnipeg. The formalization of this partnership will ensure the community's continued access to this facility and its amenities.

The Boys and Girls Club continues to meet the needs of youth between the ages of six (6) and seventeen (17) years in this Lord Selkirk/West Kildonan Community. This need is satisfied by the ongoing development, implementation, and evaluation of programs that allow for the social, physical, and emotional development of the community's youth.

This Lease Agreement is to clearly define the relationship between the Winnipeg School Division and the City of Winnipeg with regard to both the land and the building.
Under separate agreement, which is currently being negotiated with the Boys and Girls Club, the City of Winnipeg will grant permission to the Winnipeg Boys and Girls Club for the use of the facility. In this separate agreement, the Winnipeg Boys and Girls Club will be responsible for the Municipal portion of the taxes if any. The City of Winnipeg Legal Services Division has advised that if representatives of the Winnipeg Boys and Girls Club, Inc. were to make application to the City Assessor they would be exempt from school taxes. If the property is to be exempt from Municipal taxes a By-Law will have to be passed by Council pursuant to Section 22 (1) (L) of the Municipal Assessment Act. In order for the Community Services Department not to be liable for the municipal portion of the taxes associated with the Wading Pool Operation this area would also need to be included within the By-Law. In this separate agreement it should also be clearly stated that should the Boys and Girls Club lose their exemption (unlikely) under the Act, which may occur if they were to change the use of the property, or become a for profit operation, then they would be responsible for the municipal portion of the taxes like any other taxpayer. A report is being prepared to be reviewed by the Standing Policy Committee on Protection and Community Services regarding the renewal of the Boys and Girls Club Agreement.

The proposed terms and conditions are as follows:

1. The City of Winnipeg will lease the property shown on the site plan (Appendix A) for community recreation purposes; the approximate area of the property is 145' X 70';
2. The City of Winnipeg will lease the property for ($1.00) dollar yearly and every year for the duration of the Lease;
3. The City of Winnipeg will maintain the facility and wading pool, including the wading pool perimeter fencing, in a condition meeting the requirements of the Public Health Act C.C.S.M. c.p210 Regulation 132/97;
4. Under separate agreement, the City of Winnipeg will grant permission to the Winnipeg Boys and Girls Club for use of the facility;

5. The City of Winnipeg will be responsible for utilities, taxes, and all maintenance, including turf mowing, and trimming, on regular cycles, in accordance with approved budgets;
6. The City of Winnipeg will insure the existing building and any future improvements; standard insurance clauses to apply;
7. The Winnipeg School Division will also provide necessary insurance coverage;
8. The Winnipeg School Division will invoice the City of Winnipeg for its portion of taxes, if applicable, on an annual basis. In the year 2004, the assessed value of the recreation building and the wading pool is $154,200. Based on the 2004 mill rate, the total demand for Municipal Taxes is $6004.87. The exemption for the school tax portion comes under section 23 (1) (I) of the Municipal Assessment Act;
9. The Winnipeg School Division will have the right to enter onto the property and inspect the grounds and buildings as required;
10. The City of Winnipeg will abide by all By-Laws and Regulations;
11. The City of Winnipeg will only make changes or alterations to the buildings or grounds with the written permission of the Winnipeg School Division which shall not be unreasonably withheld;
12. The City of Winnipeg will remove any and all of its signs and fixtures upon the request of the Winnipeg School Division for good reason or upon termination of the Lease and will return the premises to the condition that they were in prior to the installation of the said signs and fixtures;
13. If the leased premises are rendered partially unfit or partially destroyed it is at the option of the Lessee (City of Winnipeg) to repair, remove or replace;
14. Any dispute arising from the interpretation of this Lease Agreement or disputes arising out of the application or administration of this Lease Agreement shall be considered in the first instance by the Agreements Coordinator on the part of the City of Winnipeg, and to the Secretary Treasurer on the part of the Winnipeg School Division, who shall refer any matters which cannot be resolved under established policies of the parties to this Agreement to arbitration in accordance with the provisions of the Arbitration Act of Manitoba;
15. Cancellation of the Lease by either party given notice of one year in writing.
