Dear Councillor Gerbasi:

The Friends of Churchill Parkway is an environmental group that has been active for nearly ten years. We have worked to clean up the river bank, protect its trees from beaver damage as well as we have been able to plant close to 4,000 trees so far. Until last year we were able to receive funding from a federal grant as well as local donations. That funding has expired and we find ourselves asking for $5,000.00 from the Land Dedication funds so that we can purchase planting stock.

We have a small Green Team that will do the planting as well as care for the already planted trees and shrubs. We would hate to discontinue our goal to plant trees so as to naturalize significant sections of the parkway. Local residents are very pleased with our work so far and lend their support regularly. By receiving funds from the Land Dedication Fund we will be able to continue our important work for the benefit of all Winnipeggers.

On behalf of all the Friends of Churchill Parkway I thank you for your consideration of our request for $5,000.00. I am hopeful you will support our efforts.

Sincerely,

Kirk Baldwin
