Subject: To amend part of condition No.3 that requires a corner side yard of 6.0 metres (19.69 feet).

Location: 40 Scurfield Boulevard
Legal Description: Lot 2, Plan 21508 & Lot 3, Block 6, Plan 15348

Applicant: Crosier Kilgour & Partners Ltd. – Wes Anderson

Owner: Apotex Fermentation Inc. – Alexander (Sandy) Fowler

Recommendation: Approval
Report Summary:

- Apotex Fermentation operates a pharmaceutical manufacturing plant on the subject site
- Apotex is planning to construct an approximately 46.45 square metre, (500 square foot) addition located off the SW corner of the exist building.
- The proposed addition will be 2.445 metres, (8.02 feet) from the west property line in the corner side yard
- DAZ 44/79 affecting the subject site requires a 6 metre, (19.68 feet) corner side yard therefore the corner side yard setback condition will be in contravention.

Site Description

The subject property is located in the Whyte Ridge Industrial Park at the southeast corner of Scurfield Boulevard and Henlow Bay. The property is zoned 'M1' Industrial and is occupied by the Apotex Fermentation pharmaceutical manufacturing plant.

North of the property is Scurfield Boulevard followed by 'M1' Industrial, to the south is 'M1' Industrial. Henlow Bay is west of the property followed by 'M2' Industrial and east is 'M1' Industrial.

Background

B/L 2657/80
DAZ 44/79

Analysis

Apotex Fermentation is planning an addition to their pharmaceutical plant as stated above. The addition will be encroaching to 2.445 metres (8.02 feet) from the west property line on the corner side yard at the southwest corner of the property.

The encroachment of this addition at this location on the subject site does not appear to pose a significant impact on the immediate context. The southwest corner of the subject site is not located at a public right of way intersection where the encroachment into the corner side yard could potentially affect visibility and may become a safety concern.

Recommendation

The Planning and Land Use Division recommends approval;

- The addition is relatively small and askew from the side yard, therefore only one corner of the addition actually encroaches lessening any impact

- There does not appear to be a negative impact on the immediate context
- It is located over 143 metres (470 feet) back from the intersection of Henlow Bay and Scurfield Boulevard
