REASON FOR THE REPORT:

The Planning, Property and Development Department has negotiated terms and conditions of a proposed acquisition. Council's approval is required for land acquisitions when Council has not previously determined the program.

HISTORY:

At its meeting held April 6, 2000, the Standing Policy Committee on Property and Development considered a report from the Lord Selkirk-West Kildonan Community Committee and instructed the Director of the Planning, Property and Development Department to acquire at least four properties (86, 86½, 88 and 90) on Inkster Boulevard, for Phase II of the Luxton Community Centre field expansion, subject to the identification of funding.

In 2004 the Building Communities Initiative identified funding in the amount of $200,000.00 for the acquisition of the four required properties. In 2004, the City acquired and demolished 86½, and 88 Inkster Boulevard.

Negotiations with the owners of 86 Inkster Boulevard are now complete. Particulars of the subject property are as follows:

Location:	86 Inkster Boulevard
Legal Description:	Lot 27, Block, Plan 728
Certificate of Title:	1149092
Registered Owners:	Carl and Janet Sandulak
Realty Roll No.:	14-070137000
Assessment:	$28,300.00 (1999 Value)
Zoning:	R-2 (Residential)
Site Size:	7.62m x 36.06m = 278.7m2 (3,000 sq. ft.)
Description:	A one and three quarter storey, approximately 1008 sq. ft., single family dwelling on a full basement, in fair to poor condition.

DISCUSSION:

The Department notes that the Luxton neighbourhood is one of the most deficient neighborhoods in the City with respect to open space. The Building Communities Initiative has identified the Luxton, Seven Oaks, St. John's Park Community to be in serious need of open space and has committed funds towards this project.

The subject property is the second last property required in order to expand the Luxton Community Club. Currently there is approximately $108,000.00 remaining in the account from the original $200,000.00. Once all costs associated with the acquisition of the subject property

have been paid, it is anticipated that $38,000.00 will remain in the account. This amount is not adequate to complete the acquisition of the remaining property at 90 Inkster Boulevard.

In August 2004 the Real Estate Division commenced negotiations with the property owners. After several rounds of negotiations, the property owners advised they are not prepared to sell the subject property for less than $53,000.00.

The Department is of the opinion the market value of the subject property is approximately $45,000.00. It may be noted that the cost of an expropriation would add significantly to the acquisition costs and that funding could be lost because of the length of time required for an expropriation.

Although the property owner's final asking price is higher than the estimated market value, the Department recommends that the City purchase the subject property at the asking price of $53,000.00 and in accordance with the terms and conditions attached hereto as Schedule "A". It is the opinion of the Department that the incremental cost (above estimated market value) for this property is justified, because anticipated increased capital costs would be created by a delay of the site development project. Although 90 Inkster Boulevard is still required, the Community intends to proceed with building a much needed hockey pen this year.

Funding for all costs related to this transaction is available through the Luxton, Seven Oaks, St. John's Park Community Project.

Additional Comments:

The $53,795 charge to capital consists of the $53,000 purchase price plus $530 short-term financing charges and a $265 admin fee. The latter two amounts are offset by equal recoveries in the Corporate Finance Department's current budget. The $2,385 charge to PP&D's current budget from 2006 -2009 represents debt and finance charges on 50% of the $53,000 purchase price. The $26,500 is the City's contribution towards the funding of this project with the other $26,500 coming from the Province.
