**REASON FOR THE REPORT:**

All street and lane closings require the consideration of the Community Committee.

**HISTORY:**

Barnes Street and the subject lane were created in 1913 by the subdivision of the adjacent lands. The street and lane are not paved and serve no apparent public purpose.

In July of 2004, Council approved DAC 9/2004, an application to close and declare as surplus to the City's needs the portions of Barnes Street shown shaded on Misc. Plan No. 12543/1. The portion of Barnes Street proposed to be closed by this application will be incorporated into the portions closed by DAC 9/2004. The Real Estate Division of the Planning, Property and Development Department intends to market this land.

In May of 2005, the Planning, Property and Development Department received a request from the owners of Nos. 3 to 55 Colebrook Drive to purchase the portions of the lane adjacent to their properties.

**DISCUSSION:**

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

Easements

The Water and Waste Department will require easements for land drainage sewer connections and a swale in the closed street and lane. No permanent structures other than fences will be allowed in the easement areas.

Transfer of Jurisdiction Over Public Rights-of-Way

The street and lane must be legally closed before they may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
