BEAUTIFY ELMW[illegible]

That's the objective of a group of community-minded citizens who want to improve the look and attitudes of Elmwood, and to bring seniors and students together to do it. "We want to take back our community" quoted a senior citizen.

Representatives of groups such as Good Neighbours Seniors Centre, East Kildonan Garden Club, Bronx Park Community Club, Elmwood/East Kildonan Seniors Centres, the Seniors' Health Resource Team, and private citizens living in Northeast Winnipeg have been meeting to plan a means to improve the entrance to Elmwood and East Kildonan from the north side of the Disraeli Bridge. They want to welcome people entering this area with a physical statement that reflects these garden communities.

The first project proposed is the building of wooden flower boxes that will be placed along Henderson Highway. Seniors and youth would be responsible for construction, installation and maintenance. As part of a new young-old partnership, area students have been asked to paint the window boxes and care for the flowers throughout the growing season. The City of Winnipeg Planning Department is working closely with the community group. This project reflects the rich gardening community adjacent to the Red River, that is called Elmwood.

This would be a small first step to clean up and improve the appearance of a four to five block area north of the bridge, which needs attention and some work. If this first project is a success, there are several others that can be started for the area, and extended throughout Elmwood and into East and North Kildonan.

Another part of the project which we would like to see take place in the fall of 2005 is the placement of banners welcoming people into the northeast part of Winnipeg. We will be asking students on Elmwood High School to research ideas and paint banners depicting the history of the area to be hung from Hydro posts along Henderson Highway.

This is the gateway to the Kildonans! If we can improve our appearance, we can improve how residents feel about themselves, about their community and their city. The work and cost for this are minimal. The rewards can be great!!

2005-2006 TIMELINE FOR BANNERS

September 2005	Contact Elmwood High School regarding the Art Class participating in this project. Students would be required to research historical and/or botanical items for the banners, and create something that is reflective of the community. We want something that welcomes people to "the garden communities" of Elmwood and the Kildonans. An honorarium will be provided to the Art Class for their participation.
	Obtain approval from Manitoba Hydro to hang banners from Hydro poles.
May 2006	Install banners
