Planning, Property and Development Department Report

To the Riel Community Committee

Date: May 16, 2005
File: DASZ 31/04
Subject: To subdivide a 1,888sqft (175.4m^2) portion of excess city owned property and consolidate it with the property located at 111 Eastcote Drive, and, to rezone that 1,888sqft (175.4m^2) portion from "PR" Park and Recreation District to an "R1-5" Residential District

Location: 111 Eastcote Drive, and adjoining public reserve
Legal Description: Block 1, Plan 18120, and Lot 1 Plan 42089

Applicant: City of Winnipeg, Planning Property and Development Department, Real Estate Division and Mr. Robert Chamberlain

Owner: **City of Winnipeg, Planning Property and Development Department, Real Estate Division and Mr. Robert Chamberlain.**

Recommendation: Approved

Site Description

The property located at 111 Eastcote Drive is 10,946sqft (1,016m^2) in area, is within an "R1-5" Residential District and is occupied by a single-family house. With the exception of the adjacent property to the northeast, the subject property is primarily surrounded by single-family residential homes. The property to the northeast is vacant City of Winnipeg owned parkland (Burland Park) that includes a drainage retention pond, and is zoned "PR1" Parks and Recreation District.

Background

Mr. Chamberlain, the property owner of 111 Eastcote Drive, first contacted the City of Winnipeg requesting to purchase the subject land on July 26, 1997. At that time Mr. Chamberlain expressed that the grass on the City of Winnipeg owned property was rarely cut. Therefore, Mr. Chamberlain wanted to purchase this land in order to extend the fence line to the edge of the retention pond, and assume responsibility for the maintenance of the grass area.

Description of the Proposed Development

The applicant is proposing to subdivide a 1,888sqft (175.4m^2) portion of the city owned parkland, and consolidate it with the property located at 111 Eastcote Drive.

Analysis

The subject property is designated Neighbourhood Policy Area under *Plan Winnipeg 2020 Vision*. The Neighbourhood Policy Area allows for a variety of uses including: residential, commercial, institutional and mixed uses. Therefore, the proposal conforms to *Plan Winnipeg 2020 Vision*.

The Water and Waste Department have advised that there is an existing 1050mm outfall pipe, associated with the adjacent retention pond, which is located on the 1,888sqft (175.4m^2) portion to be consolidated to property located at 111 Eastcote Drive. As such an easement would be required for access and maintenance of this outfall pipe.

After consolidation the subject property would be 12,834sqft (1,192.3m2). The neighboring properties, adjacent to Burland Park, range in size from approximately 10,500sqft (975.5m^2) to 14,300sqft (1328.5m^2). Therefore, the proposed increased lot size of the subject property is not considered excessive in comparison to neighboring properties.

The subject property is adjacent to a public pathway that permits access to Burland Park for the residents in the surrounding neighborhood. The proposed subdivision, and subsequent consolidation, would not affect this pathway or access to the park.

Considering the above mentioned, it is the opinion of the Planning Property and Development Department that the application be approved.

Recommendation

The Planning and Land Use Division recommend approval for the following reasons:

- The proposal is consistent with policies in Plan Winnipeg 2020 Vision;
- The proposal does not constitute a substantial adverse effect on adjacent properties or uses; and
- The proposal is compatible with the area in which the property is situated.

Recommended Conditions of Approval

I. That the plan of subdivision proposed under File No. DASZ 31/04 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 31/04, attached hereto and dated May 17, 2005 for registration in the Winnipeg Land Titles Office.

II. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

III That The Winnipeg Zoning By-Law No. 6400/94 be amended by rezoning the subject land as shown on Schedule "A" for File No. DASZ 31/04, attached hereto and dated May 17, 2005 to an "R1-5" Residential District.

IV That a ten (10) percent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land and the creation of additional sites, (if applicable).

V. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

VI. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary by-law in accordance with the above.

VII. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

VIII. The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

IX. In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within twenty-four (24) months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.
