Subject: Re-zone from 'RM-4' Multiple Family District to 'C1.5' Commercial and to consolidate the lots

Location: 586 Ellice Avenue, 459 Sherbrook Street, 457 Sherbrook Street
Legal Description: Lots 375, 378, Plan 2359, Split Lot 30 Plan 33428

Applicant: Prairie Architects Inc.
Owner: West End Cultural Centre

Recommendation: Approved with Conditions

Report Summary: Redevelopment of current concert hall – West End Cultural Centre. The applicant intends to redevelop the subject site with a two-storey, 11,763 square foot mixed-use office / concert hall / community facility.

Site Description

Existing Land Use and Zoning:
The northern portion of the subject site, (586 Ellice Ave.) functions as a community based concert hall. It is currently zoned 'C1.5' Commercial District. The southern portion of the site (457 Sherbrook Street, 459 Sherbrook Street) is vacant and zoned 'RM-4' Residential District.

Figure 1: Subject Site (Aerial Photograph Flown 2002)

Adjacent zoning is as follows:

North: 'C1.5' Commercial with 'RM-7' Residential (Manitoba Housing and Renewal Corporation) to the east. Followed by 'RM-4' Residential and 'R2-T' Residential.
South: 'C1.5' Commercial. Back Lane – followed by 'RM-4' Residential and 'R2-T' Residential.
East: 'C1.5' Commercial. Back Lane – followed by 'R2-T'.
West: 'C1.5' Commercial. Followed by 'RM-4' Residential.

Background

The subject site is the existing West End Cultural Centre (Centre), which is located in the Spence neighbourhood. It functions as a community-based concert hall with a mandate to provide music workshops, concerts and meetings year-round that increases community involvement in the arts; provide access to Canadian artists and music out of the mainstream and provide educational opportunities in the development of artistic expression.

The Centre is an active participant in local community planning and see themselves as part of the revitalization activity occurring in the Spence neighbourhood.

Description of the Proposed Development

The applicant intends to redevelop the subject property with a two-storey, 11,763 s.f. mixed-use office/concert hall/ community facility.

The proposed development will occur in two phases:
Phase 1: New 8,128 s.f. building directly south of the existing West End Cultural Centre. The new building will house the Centre's concert hall and associated activities.

Phase 2: Redevelopment of the current West End Cultural Centre building fronting on Ellice Ave. to accommodate offices and community room/board room.

Analysis

Plan Winnipeg Compliance
The subject site is within the 'Neighbourhood' designation in Plan Winnipeg. The proposal is consistent with Plan Winnipeg land use policies('Policy 3A-01 Promote Orderly Development', 'Policies 3B-01 Promote Vibrant Neighbourhoods' and '3B-05 Promote Commercial Densification').

The proposal is also consistent with Plan Winnipeg's community economic development policies. '1B-01 Support Neighbourhood Revitalization' gives priority to addressing the physical, social and economic needs of Major Improvement Neighbourhoods. The subject site is found in the Spence Neighbourhood which is designated a Major Improvement Neighbourhood. '4A-01 Engage Communities in Building Safe Neighbourhoods' promotes building safe neighbourhoods by working with the community to identify safety issues and lines of responsibility through community planning.

Compatibility with existing neighbourhood and surrounding uses
The surrounding neighbourhood is characterized by uses that are mutually supportive such as single-family housing, multi-family housing and neighbourhood scale commercial activity. The proposal is compatible with the surrounding neighbourhood and surrounding uses. The applicant proposes to expand their facility while maintaining a scale that is consistent with their existing facility.

The intersection of Sherbrook Street and Ellice Street, the location of the subject site, is also occupied by other compatible uses such as a community Café and Theatre (movies and performance art productions). Both the Centre and the Café/Theatre see the area growing as a cultural performance hub and both support the philosophy that community safety is enhanced by drawing people to the area for community based activities such as music or performing arts. Other uses in the vicinity include neighbourhood scale offices, an art gallery, community support agencies and rental car agency.

Transportation and Site Access
The submitted site plan indicates that loading will occur at the rear of the building using the existing public lane.

The subject site is sufficiently serviced by several transit routes and a bus shelter is situated on Sherbrook Street adjacent to the subject property.

Site Design Issues
The applicant wishes to expand their current commercial building located at the corner of Sherbrook Street and Ellice Avenue south along Sherbrook Street. A portion of the rear public lane will be closed, consolidated and re-zoned to 'C1.5' Commercial District along with the two adjacent residential lots, to be consistent with the existing commercial 'C1.5' property. The public lane will terminate in a stub to be used for a commercial turnaround for trucks and to allow continued access to the adjacent commercial property.

The development of a new 8,128 s.f. building will occur on the re-zoned land (457 and 459 Sherbrook Street). This building will be two storeys and house a concert hall and associated activities. The second story will serve as a mezzanine and does not have windows looking out onto the adjacent neighbourhood. There does not appear to be any windows facing south against the adjacent residential dwelling.

Single-family dwellings exist to the south of the proposed development. The applicant is proposing a landscaped buffer to run along the south property line to help mitigate any impact to area residents.

The existing approach off of Sherbrook Street, being permanently closed (DAC16/2005), will connect Phases 1 and 2 and will serve as the public's primary access to the concert hall. The proposal is contingent upon the applicant successfully purchasing and closing of a portion of the public lane (between phases 1 and 2). The primary access will be landscaped and serve as a staging area for patrons (also serve as smoking area).

Additional pedestrian access will be gained off of Sherbrook Street (emergency exit - to the south of the primary access) and Ellice Ave (serving the administration building).

On site parking (4 stalls) will be accommodated at the rear of the new building.

Land Use Bylaw Issues
Although the applicant applied for a 'C2' Commercial District, however, the Planning and Land Use Division is recommending the site be rezoned to **'C1.5' Commercial District** for the following reasons:

– 'C1.5' Commercial District is consistent with surrounding zoning and more appropriately reflects the existing scale of neighbourhood commercial.

– 'C1.5'Commercial District is intended to regulate commercial development with less of a neighbourhood orientation, typically found along commercial corridors within existing older neighbourhoods. 'C2' Commercial District is intended to regulate more intensive commercial sites that do not have a local or neighbourhood orientation.

The Planning and Land Use Division has discussed this change to 'C1.5' Commercial with the applicant and they have indicated that they are in agreement with this recommendation.

Under a 'C1.5' Commercial District, a concert hall is not an outright permitted use, therefore the applicant will be required to apply for a Conditional Use, which is a separate application. Variances are also required for substandard yards and parking. Subsequently, the application (DAV 05-131599/D) to vary a 'C2' Commercial District for substandard yards and parking is no longer required. However, the applicant will require to vary the 'C1.5' Commercial District for substandard yards and parking.

Public Input
According to the applicant, consultation has occurred with area residents and community groups prior to the public hearing with the City Centre Community Committee.

Recommendation

The Administration recommends approval for the following reasons:

- Complies with broad policy direction of Plan Winnipeg and
- Compatible with the existing neighbourhood and uses.

The Administration is recommending that this application be approved subject to the applicant entering into an agreement to address a number of conditions that will ensure the commercial development remains compatible with the adjacent residential neighbourhood. The conditions required to mitigate any negative impacts are:

- *site plan approval for landscaping, fencing, buildings, and signage;*
- *list of prohibited uses especially those that generate significant negative sounds, sights, and smells;*
- *free standing signage allowed to a maximum height of 25 feet to ensure free standing signs do not impact the residents;*
- *no mobile signs;*

- *signage be restricted to the north and west sides of the building to ensure adjacent residents are not negatively impacted;*
- *building and parking area lighting be shielded away from adjacent residents;*
- *the hours of business operation restricted after midnight.*

Recommended Conditions of Approval

I. That the plan of subdivision proposed under File No. DASZ 23/05 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 23/05, attached hereto and dated June 27, 2005, for registration in the Winnipeg Land Titles Office subject to the following:

C. That, all garbage containers be fully enclosed by a brick/concrete, and/or wood barrier fence that is at least 6 inches above the top of the garbage container.

IV. That a ten (10) percent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land and the creation of additional sites, (if applicable).

V. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

VI. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary by-law in accordance with the above.

VII. That the subdivision section of the by-law shall come into force and effect upon execution by the City of Winnipeg of the Development Agreement.

VIII. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office, and the Zoning Agreement has been filed by caveat in the Winnipeg Land Titles Office against those lands **provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.**

IX. The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

X. In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within twenty-four (24) months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.
