**Item No. 2 Chief Innovation Officer**

COMMUNITY COMMITTEE RECOMMENDATION:

On July 9, 2018, the Riel Community Committee recommended to the Executive Policy Committee that the Winnipeg Public Service provide a public report on the accomplishments of the Chief Innovation Officer and his attempts to achieve the intent of this office in 60 days.

DECISION MAKING HISTORY:

COMMUNITY COMMITTEE RECOMMENDATION:

On July 9, 2018, the Riel Community Committee passed the following motion:

Whereas in March 2017, the City of Winnipeg hired its first Chief Innovation Officer,

Whereas the goals of the Chief Innovation Officer's role is to make city services more efficient, breaking down silos between city departments, ensuring city services actually use available technology and ensuring services improve without costing a lot more money,

Whereas Council and the public have not received any updates on the accomplishments of the Chief Innovation Officer over the past year and a quarter,

Therefore be it resolved that the public service provide a public report on the accomplishments of the Chief Innovation Officer and his attempts to achieve the intent of this office in 60 days.
