INTER-OFFICE MEMORANDUM

TO:	**Marc Lemoine** City Clerk	**FROM:**	**Harold Dick** Legal Services
FILE:	G.3/2018(17)	**DATE:**	July 9, 2019

RE: Amendments to the Reduced Speed School Zone By-law

On June 25, 2014, Council enacted the Reduced-Speed School Zones By-law No. 76/2014. On July 16, 2014, Council adopted the following resolution with respect to future changes to the reduced-speed school zones set out in the By-law:

> The Director of Legal Services and City Solicitor be authorized to bring forward directly to Council by way of a communication and without the need for review by any Standing Policy Committee or Executive Policy Committee any proposed additions, subtractions or other modifications or changes to the reduced-speed school zones created by the Reduced-Speed School Zones By-law which are made possible by changes to the Reduced-Speed School Zone Regulation, Manitoba Regulation 136/2013 or for other reasons.

Pursuant to this resolution, please find attached a By-law making a variety of amendments to the Reduced-Speed School Zones By-law 76/2014 for consideration and enactment by Council at its next meeting.

For Council's information, the following explanations have been provided by the Department of Public Works concerning the proposed amendments:

Lavalee School and Ecole Sofiya – These schools are adjacent to each other and share the same school zone. The original description of the school zone set out in the By-law contained an error which is being corrected.

Emerson Elementary School – This school zone is being extended further east to maximize the school zone length to provide better safety for children. The west limit of the school zone is being changed to reflect field conditions.

Elwick Community School – This school zone is being added because it was originally missed upon implementation of by-law. This segment has an opening accessing school property.

Laura Secord School – The extension of the school zone reflected in these amendments has been requested by the school's administration and the community

Emerson Elementary School – The school zone is being extended further east to maximize the school zone length to provide better safety for children. The west limit of the school zone is being changed to reflect field conditions.

Casa Montessori and Orff School – This school was originally missed in 2014 when the school zones were initially installed. School zones are required on Fennel Street and Seel Avenue.

With the completion of Seel Avenue for the Southwest Rapid Transit Corridor, the school zone can be installed.

Richmond Montessori School – This school has recently been opened and requires a school zone.

If you have questions concerning this matter, please feel free to contact me.
