RE: LETTER OF SUPPORT FOR POOL LINER REPLACEMENT AT FREIGHT HOUSE OUTDOOR POOL

Dear Councillor Santos:

We are pleased to advise that the Board recently met to discuss your letter dated Thursday June 11, 2020. The Board & Staff of the Centennial Community Improvement Association would like to put on record its support for allocating approximately $105,000.00 from the Community Centre Renovation Fund towards the pool liner replacement at Freight House Outdoor Pool.

This pool is an integral and major recreation amenity in the Centennial Neighbourhood providing hundreds of children in the community with free access to an outdoor pool. This pool is heavily utilized and provides the neighbourhood children who do not have the means to be able to drive to the beach or attend a cottage during the summer.

Thank you for advocating for the use of Community Centre Renovation Funds towards the pool liner replacement.

Kind regards,

Alison Dong & Minas Pagtakhan
