EXECUTIVE SUMMARY

The owner of the property commonly known as 97 Oak Forest Crescent requires a resolution by Council recommending cancellation in part of Building Restriction Caveat (BRC) No. 4009029/1 in order to proceed with an application before the Municipal Board of Manitoba to cancel the caveat in part (Appendix A attached).

The Public Service has reviewed the request and has no concerns as the Owners would still be bound by the existing zoning by-laws under the “R1-L” designation and by the BRC on the balance of the Owners’ land.

RECOMMENDATIONS

1. That Council recommends approval of the cancellation of Building Restriction Caveat No. 4009029/1 against the portion of property commonly known as 97 Oak Forest Crescent as shown bordered and hatched and identified as “Parcel A Area +/-97.4 m^2” on Misc. Plan 14084/1 (Appendix B attached).

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Subsection 104(3) of The Municipal Board Act provides that where the lands affected by a Building Restriction Caveat (BRC) are located in Winnipeg, no order of the Municipal Board shall be made to vary, cancel or substitute in whole or in part the BRC unless Council has, by resolution, recommended the variation, cancellation or substitution and a certified copy of its resolution is filed with the Board.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resources, or general, implications associated with the recommendations.

HISTORY/DISCUSSION

Dean Stewart and Marcey Anne Cherniak (Owners) signed a Land Exchange Agreement (Agreement) with the City of Winnipeg to exchange a portion of their property with an equal portion of adjacent City-owned Public Reserve. In accordance with the requirements of the Agreement, a plan of subdivision was prepared under File No. DASZ 9/2019, which was approved by Council on June 20, 2019. To facilitate registration of the plan of subdivision and consolidation of the properties, the Winnipeg Land Titles Office requires BRC No. 4009029/1 be dealt with.

The BRC registered against the Owners' property references Instrument No. 4006203/1, which is the overall Community Development Guidelines (Guidelines) for "The Oaks of Assiniboine River West". The Guidelines "ensure the continued preservation and enhancement of the unique characteristics of the community and individual sites" and provides requirements as to the construction of a dwelling, fence and other improvements. The City of Winnipeg had no involvement in the Guideline document or the BRC filed in respect thereof. The Owners would still be bound by the existing zoning by-laws under the "R1-L" designation and by the BRC on the balance of the Owners' land.

Mr. Weltman of Levene Tadman Golub Law Corporation, on behalf of his clients Dean Stewart and Marcey Anne Cherniak, is seeking a Municipal Board Order to have the BRC cancelled from the portion of his clients' land (Lot 8 Block 2 Plan 47560 WLTO) being incorporated into the Public Reserve on Plan Deposit 1395/2019, which was prepared in accordance with DASZ 9/2019.

The solicitor for Dean Stewart and Marcey Anne Cherniak will be making application to the Municipal Board in accordance with The Municipal Board Act to cancel the BRC in part. In accordance with The Municipal Board Act, a resolution of Council recommending the cancellation in part of the BRC must be filed with the Municipal Board in support of the application.

The Municipal Board will schedule a hearing upon receipt of a certified copy of a resolution of Council of The City of Winnipeg recommending the cancellation requested.
