INTER-OFFICE MEMORANDUM

RE: Emergency Management By-law No. 59/2020

It has recently been brought to my attention that the version of the Emergency Management By-law which was enacted by Council on June 26, 2020 (the enacted By-law) differs in a small but substantive way from the draft version of the by-law (the draft By-law) that was attached to the Report which was approved by Council on that date (Item 1 of the Report of the Standing Policy Committee on Protection, Community Services and Parks dated June 10, 2020).

Specifically, subsection 3(6) of the enacted By-law states that “Meetings of the Community Emergency Advisory Committee shall not be held in camera.” This differs from the draft by-law which was attached to the report approved by Council on June 26, which states that “Meetings of the Community Emergency Advisory Committee shall not be held in public.”

The By-law submitted by myself on behalf of Legal Services for enactment by Council contained this inadvertent error.

To correct this error, I have attached a short amending by-law which, if enacted by Council, would align the enacted by-law with the draft by-law attached to the report which was approved by Council.

Because this amending by-law will correct an inadvertent error, I consider it appropriate to bring to Council for consideration as a communication.

If you have any questions, feel free to contact me.
