Subject: Reducing Speed Limits

I am writing to express, for the public record, my support for a plebiscite / ballot question as part of the 2022 civic election on whether or not the speed limits should be reduced.

I do not think the speed limits should be reduced. Speed limits are put in place to set the maximum speeds under ideal conditions. Every good driver knows when they should slow down. Target the bad drivers rather than punish everyone.

Rather than wasting money on having to create tens of thousands of signs, maybe the city should focus on fixing the roads and sidewalks instead of reducing speed limits.

Sincerely,

Julia Rattai
