Subject: Jan 20, 2021 EPC Meeting Item 4 2022 Municipal Election Question - Speed Limits in Residential Areas

Dear Andrew Poitras,

I am writing to express, for the public record, my support for a plebiscite / ballot question as part of the 2022 civic election on whether or not the speed limits should be reduced.

I am a resident in the neighbourhood of Windsor Park and I conducted a poll in the summer regarding this issue.

Samara Badiuk created a poll in **Windsor Park Community News.**

September 8 at 6:15 PM ·

Recently a neighbouring Facebook group put up a poll regarding the proposal to make all residential streets 30km. The councillor for the area encouraged others to take action and make their voices heard to their representatives. Apparently there is a vocal group who has the ear of council on this subject. So, here's your chance. After the poll has run for a few days, I'll send a screen cap of the poll itself to Matt Allard so he can receive input from some of his constituents.

Keep it 50km

Add a poll option...

As you can see, the vast majority of the people polled voted to keep the speed limit where it is.

Furthermore, I would also like my opposition to reduce speed limits in the residential areas be placed in the public record. The residential streets have been engineered to current limits. Drivers who are aware of their surroundings and respect their neighbourhoods already regulate speed to the conditions.

Thank you

Samara Fontaine
