Subject: 333 Broadway revamp is waste of money

On Wednesday Feb 17, City of Winnipeg Executive Policy Committee will consider heritage designation of 333 Broadway(Originally Monarch Life now WCB). WCB opposes designation of the modernist main floor lobby, an unique and excellent example of a mid-century office interior in western Canada.

Built in 1961, based on a design by Smith Carter Searle with lead designer James Donahue, 333 Broadway is considered one of Canada's modernist landmarks.

Modern era heritage should be valued and protected just like the Victorian era. I am in favour of designation.
