REASON FOR THE REPORT:

Council may adopt a by-law prescribing the discount rates on the prepayment of realty, personal property and business taxes.

HISTORY:

Subsection 334(3) of *The City of Winnipeg Charter* permits the City to provide for the allowance of discounts when taxes are prepaid, as stated below:

> *334(3) Council may pass by-laws in respect of real and personal property taxes and business taxes*
>
> *(c) providing that, when taxes are paid other than by installments, discounts at rates prescribed in the by-law may be allowed on amounts that are prepaid on account of those taxes by dates specified in the by-law.*

Council annually adopts a by-law establishing a discount rate that will financially benefit the City and, at the same time, provide an investment opportunity for Winnipeg taxpayers.

DISCUSSION:

The proposed discount rates are based on information received from the Financial Services Division, which considers 3.6% as the City's projected annual return on investment. The current annual deposit rate available to taxpayers is approximately 1.2%. A discount rate of approximately 1.75% is considered to be fair to both the City and to the taxpayer.

The accelerated cash flow generated by the prepayment of realty, personal property and business taxes increases the City's short-term investment opportunities for the period January to June. The investment income earned from these early payments continues to exceed the tax discount given as well as the cost of administering the program by the Taxation & Revenue Division.

The 2005 accelerated cash flow generated by the prepayments of realty, personal property and business taxes was:

2005 Prepayments	$10,584,603
Less: 2005 Actual Discount	73,239
Cost to administer	10,000
	$10,501,364

Using the 2005 actual prepayment information, with the City's 2006 expected short term investment interest rate of 3.6%, the following represents the interest income that could be expected in 2006 from depositing the tax prepayments:

2006 Projected Investment Income from Prepayments @ 3.6%

	Estimated Prepayments (Based on 2005)	# of months invested	2006 Projected Investment Income
January			
Realty and Personal Property Tax	$8,977,439	5	$134,661
Business Tax	574,054	4	6,889
February			
Realty and Personal Property Tax	993,650	4	11,924
Business Tax	39,460	3	355
2006 Projected gross income	$10,584,603		153,829
Less: Discount			73,239
Cost to administer			10,000
2006 Projected Net Income			**$70,590**

It is therefore recommended that Council adopt a by-law to provide for prepayment discounts received by the Taxation & Revenue Division during the months of January and February, 2006 at the following discount rates:

Realty & Personal Property Tax - Payable at par up to June 30th	Face Value Discount Rate	Equivalent Annual Discount Rate
January	0.71%	1.75%
February	0.58%	1.75%
Business Tax – Payable at par up to May 31st		
January	0.57%	1.75%
February	0.44%	1.75%

Additional Comments: Using the 2005 actual prepayment information, with the City's 2006 expected short term investment interest rate of 3.6%, the interest income that could be expected in 2006 from depositing the tax prepayments is approximately $153,829. However, after applying the projected tax discount of $73,239 and an administrative cost of $10,000, the projected net income is $70,590.
