SUMMARIZATION OF REPRESENTATIONS AND SUBMISSIONS
MADE AT THE PUBLIC HEARING

The applicant, Mike Bowers, 4744757 Manitoba Ltd., accompanied by Bev Monkman-Campbell, appeared in support of the application and gave a brief overview of the proposal.

Ms Monkman-Campbell stated the application to rezone was needed in order for the facility to be licensed making them eligible for funding. She also stated that the facility was to be a home away from home for persons requiring medical attention.

In response to the Committee's questions, the Senior Planner stated that the facility was to be a residential institution permitted under the "C2" Commercial District, while under the current "RM-7" Multiple-Family District a conditional use.

Richard Thiessen appeared in opposition to the application.. Mr. Thiessen stated he was the immediate neighbour and had concerns with the lack of parking and the use of the emergency vehicle access lane as a loading zone. He also stated that numerous efforts had been exhausted to rectify the present problem with both concerns and that the application would magnify the problem.

Lynne Somerville appeared in opposition to the application. Ms Somerville stated concerns with parking and motorists not respecting the on-street parking restrictions. She also stated concerns with the lack of an outside common area and fencing for the safety of patients.

In rebuttal, Ms Monkman-Campbell stated that there was a strong need in the community for the residential institution, the other tenants occupying space in the building were in existence prior to the purchase of the building, and the parking concerns were something that could be resolved.

The subject site is located on the east side of Maryland Street, north of Portage Avenue. It's currently developed with a 4-storey commercial building, occupied by a variety of office and residential uses. The property is currently zoned "RM-7" Multiple-Family District. It's adjacent

to the Lions Manor (to the east) and shares a parking facility (to the north). Surrounding land uses include a variety of commercial and residential. Surrounding zoning includes commercial ("C2") and multiple-family residential ("RM-4", "RM-7").

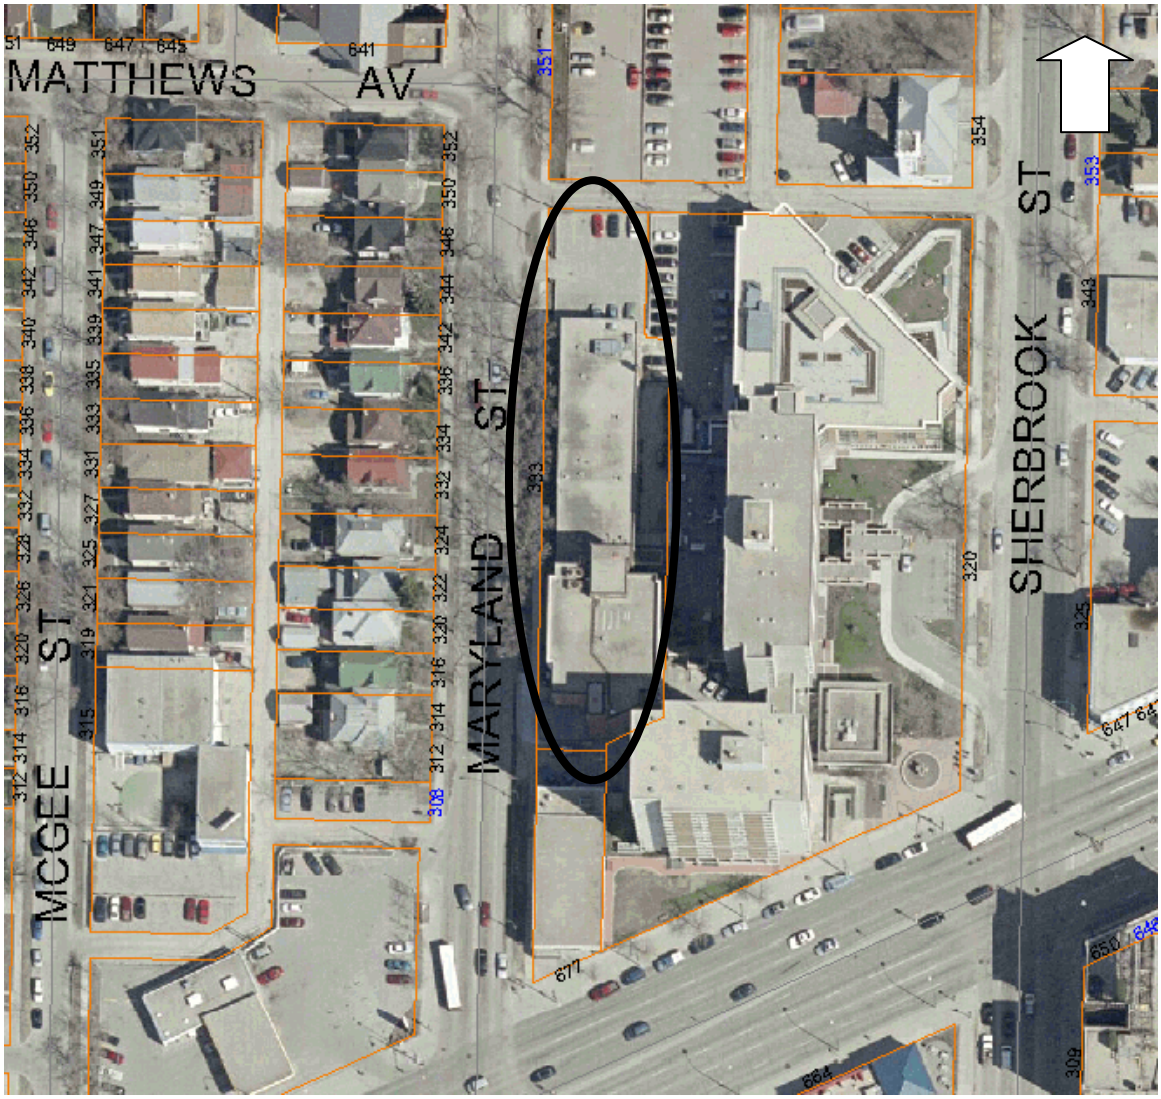

Figure 1: Subject Site (Aerial Photograph Flown 2002)

Background

In August, 1998, an application to rezone this property—from "C2" to "RM-7"—was before City Centre Community Committee. This proposal (DAZ 229/98) included the conversion of the vacant (former Worker's Compensation) building into residences for alzheimer patients.

Description of the Proposed Development

The applicant intends to establish a Residential Institution (addictions rehabilitation) and in-house pharmacy on the 3rd floor, with offices on the 4th floor of the existing building. No expansion of or addition to the existing building is proposed. The related variance application (DAV 05-129973/D) recognizes existing building site dimensions, site area, and building setbacks.

Analysis
This portion of Maryland Street is designated "Neighbourhood" under *Plan Winnipeg*. The subject site lends itself to mixed-use development such as currently exists and as proposed by the applicant. The existing building was initially constructed to house office and commercial uses. Subsequent internal redevelopment has resulted in a mixed-use building with a good mix of residential and supportive commercial uses.

Recommendation
The Planning and Land Use Division recommends approval for the following reasons:
- The proposal is consistent with *Plan Winnipeg*;
- The subject site is a suitable location for a mixed-use development.

Recommended Conditions of Approval

I. That The Winnipeg Zoning By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 224/05, attached hereto and dated October 21, 2005, to a "C-2" Commercial District.

II. That a ten (10) per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

V. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
