Subject: Statement of Objection

Hello,

My name is Jeff Sutherland, I reside at . My phone number is .

I am writing to state my objection to the sale of the parkland in the Corydon Osborne Community. This parkland is a valuable space that can be turned into a nice park along the riverside. The Corydon Osborne area does not have much green space, and infill development is increasing the population density. The sale of the parkland will create more density while also removing a potential park. Further, by selling this property, a popular bike path will be removed, and make access to the bike path all but impossible for residents close to Confusion Corner.

City Council must not sell this property. The residents of this community will benefit more from a green space than from more infill housing that does not sell.

Sincerely,

Jeff Sutherland
