Recommendation: *Approved*

Site Description

The subject site is located at the north east corner of Osborne Street and Maplewood Avenue. The site is currently developed with a 3-storey walk-up apartment on an approximately 80 foot wide by 130 foot deep lot. Approximately 8 parking spaces are provided onsite, with direct access from the public lane (along the east property line, paralleling Osborne Street). The site is zoned "RM-3" Multiple-Family District. The current building is being upgraded. This portion of Osborne Street is developed with a mix of commercial and lower density multiple-family. Across the public lane to the east are single-family dwellings.

Description of the Proposed Development

The applicant proposes to develop 2 additional apartment suites in this 21-unit apartment building. The new apartment suites will be established on the lower level of the building. No expansion of or addition to the existing building is proposed. The rezoning application (from

"RM-3" to "RM-6" Multiple-Family District) is necessary because the addition of the 2 apartment suites increases an existing non-conforming density. Variance file DAV 05-150092 concerns existing site area, setback, and parking space deficiencies.

Analysis

This portion of Osborne Street and the Riverview neighbourhood are designated "Neighbourhood" in *Plan Winnipeg*. This modest density increase along a regional street and major transit route is compatible with its immediate context and exhibits responsible residential densification at an appropriate location.

Recommendation

The Planning and Land Use Division recommends approval for the following reasons:

- the proposal is consistent with *Plan Winnipeg*;
- the additional apartment suites at this location fit the neighbourhood context and demonstrate a good land use – transportation fit.

Recommended Conditions of Approval

I. That The Winnipeg Zoning By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 244/05, attached hereto and dated October 14, 2005, to a "RM-6" Multiple-Family District, subject to the following:

   A. That the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Subsection 240(1) of The City of Winnipeg Charter, to provide for the following:

      1. That no more than 24 dwelling units shall be permitted on the subject site;
      2. That any buildings located on the subject site shall not exceed 45 feet in height.

II. That a ten (10) per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

V. That the rezoning by-law shall come into effect when the Zoning Agreement has been registered by caveat against the subject land at the Winnipeg Land Titles Office, provided

that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.

VI. That the Proper Officers of the City are hereby authorized to execute said Zoning Agreement.

VII. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
