Subject: Proposed sale of Parkland in the Corydon Osborne Community

Hello

I wish to record my objection to the sale of our parklands by the City of Winnipeg.

As demonstrated by the increasing numbers of citizens using City Parks, there will be an increased need for parks and other green spaces to provide recreation, leisure activities and often relaxation. These activities impact on both the physical and mental health of our communities. The parklands should not be sold but enhanced.

Please take the needs of the citizens into consideration before voting.

Thank you

Susan Cormack
