Subject: To amend By-Law No. 6400/94 by rezoning the land shown below from an "R1-3.5" Single-Family District to an "R2" Two-Family District.

Location: 721 Carter Avenue
Legal Description: Lot 36, Plan 28003 26/27 St. Boniface
Applicant: Rowland Phillip Wright
Owner: Rowland Phillip Wright

Recommendation: *Approved*

Site Description

The subject site is located on the north side of Carter Avenue, between Lilac and Arbuthnot streets. The site is currently developed with a 2-storey dwelling. The 40 foot by 100 foot site

and neighbouring properties are zoned "R1-3.5" Single-Family District. Surrounding land uses are predominantly single-family, with a number of duplexes in the immediate vicinity and throughout the Ebby-Wentworth neighbourhood.

Background

Prior to 1995 properties in the Ebby-Wentworth neighbourhood were zoned "R2" Two-Family District, which permitted duplex conversions as of right. Rezoning file DAZ 240/94 was initiated by the Planning Department as part of a series of zoning rationalizations in Fort Rouge. Rationalizations were also initiated in Earl Grey and McMillan neighbourhoods. The zoning rationalizations were intended to "reflect the predominantly single-family character of this area." Impetus for this action came from the *Fort Rouge Community Revitalization Strategy* (produced by the former Neighbourhood Programs Branch on behalf of the M/WCRP Fort Rouge Residents' Committee). This action was not intended to preclude consideration of responsible duplex developments; instead, it put the onus on the applicant to demonstrate the benefits of a duplex conversion.

Description of the Proposed Development

The existing 2-storey dwelling is to be redeveloped to provide two self-contained dwelling units. No increases in building height or footprint are intended. Variance file DAV 05-166871/D concerns existing lot width and lot area deficiencies.

Analysis

Ebby-Wentworth neighbourhood is designated "Neighbourhood" under *Plan Winnipeg*. The proposed duplex represents modest residential infill in a neighbourhood characterized by a number of purpose-built and converted duplexes. Its proximity to regional streets (Pembina Highway, Stafford Street, and Grant Avenue) that are well-served by Winnipeg Transit makes this location a suitable candidate for responsible residential intensification.

Recommendation

The Planning and Land Use Division recommends approval for the following reasons:

- The proposal is consistent with *Plan Winnipeg*;
- The proposed duplex can be effectively integrated into its immediate context and demonstrates a good land use – transportation fit.

Recommended Conditions of Approval

I. That The Winnipeg Zoning By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 257/05, attached hereto and dated December 23, 2005, to an "R2" Two-Family District.

II. That a ten (10) per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

V. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
