RE: Technical Amendment – Voting Requirements By-law No. 63/2021

On October 28, 2021, Council passed the Voting Requirements By-law No. 63/2021.

It has come to our attention that at that meeting of Council another addition that was asked for by the Councilors was to update the schedule of the by-law to include two additional columns to clearly outline which matters require a "2/3rds of members", and "2/3rds of members present" vote. The report that was approved had another schedule attached to it that showed these columns, which is what the Councilors indicated they wanted to have included.

Enclosed is an amending by-law to correct the aforementioned columns. Legal Services considers this amendment to be technical in nature, since no substantive changes are being made, and accordingly, Legal Services proposes that this amendment be brought to Council's attention by communication.

An electronic copy of the By-law has been provided by my assistant to Jennifer Ridge via email.

If you have any questions, feel free to contact me.

Thank you.
