INTER-OFFICE MEMORANDUM

TO:	**Marc Lemoine** City Clerks	**FROM:**	**Campbell MacLean** Legal Services
FILE:	G.1/2021(714)	**DATE:**	January 19, 2022

RE: CCGRP By-Law Amendment

Please find enclosed a By-law amending the CCGRP By-law No. 61/2019. The By-law is consistent with the Council resolution of November 25th, 2021, Item No. 1 of the Report of the Executive Policy Committee.

This amending By-law is being provided to you for direct referral to Council by way of communication in accordance with the Council resolution, which provided in part:

1. That the Economic Response and Recovery Plan, as attached, be approved…

6. That the Proper Officers of the City be authorized to do all things necessary to implement of the foregoing.

The Economic Response and Recovery Plan included the following recommendation at p. 74, to

> 4. Encourage use of the Community Centre Renovation Grant Program by expanding eligible projects through eliminating the 50% matching funding requirements from community centres on revenue generation projects until December 31, 2023.

As these changes to the Community Centre Renovation Grant Program can only be implemented through a by-law amendment, the attached by-law is necessary to implement Council's intention.

In addition to the elimination of the 50% matching funding requirement authorized above, the attached by-law also includes a technical amendment to correct provision numbering in the CCGRP By-law No. 61/2019.

An electronic copy of the By-law has been provided by my assistant to Jennifer Ridge via email.

If you have any questions, feel free to contact me.
