RE: DAC 26/2005 – PROPOSED CLOSING OF PART OF THE PUBLIC LANE ADJACENT TO 31 BROMTON ROAD

For submission to: **The Riel Community Committee**

Report date: **November 29, 2005**

Recommendations: **1. That the proposed lane closing as shown on Misc. Plan No. 12739 not be approved.**

REPORT SUMMARY

Key Issues:

- The applicant wishes to purchase a portion of the lane adjacent to her property so that she may build a garage.
- The Public Works Department opposes the sale of the lane, citing concerns about potential damage from snow removal operations.

Implications of the Recommendation(s):

General implications:

X	**None**
	For the organization overall and/or for other departments
	For the community and/or organizations external to the City of Winnipeg
	Involves a multi-year contract

	Current and/or capital budget adjustment required

Comment(s):

- If the application to close the lane is approved, all costs associated with this proposal will be borne by the Applicant. There would be no financial implications for the City of Winnipeg.

REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

The Planning, Property and Development Department has received a request from Ms Pat Basker, one of the two owners of No. 31 Bromton Road, to purchase the portion of the public lane identified as "Proposed Closing" on the attached Misc. Plan No. 12739. The property owners currently pay an annual fee for the encroachment of a fence into the lane and are considering building a garage. The purchase of the portion of the lane contained by the fence would allow them to meet some of the zoning regulations required to build a garage in the area.

DISCUSSION:

Administrative Comments and Objection

The proposal has been considered by all affected City departments and public utilities. The Transportation Division of the Public Works Department is opposed to the application, stating that:

"…there is concern regarding potential damage from snow clearing operations to the planned garage which would be located within the property. The existing fence is already an impediment to snow clearing, as it is very close to the lane pavement and prevents use of the triangle of property, proposed to be legally closed, for snow storage."

Easements

Manitoba Hydro will require an easement for the maintenance of its plant in the area.

IN PREPARING THIS REPORT, THERE WAS CONSULTATION WITH AND CONCURRENCE BY:

Planning, Property and Development Department – Geomatics and Zoning & Permits Branches

Corporate Finance Department – Local Improvements

Public Works Department – Transportation Division

Water and Waste Department – Engineering Division

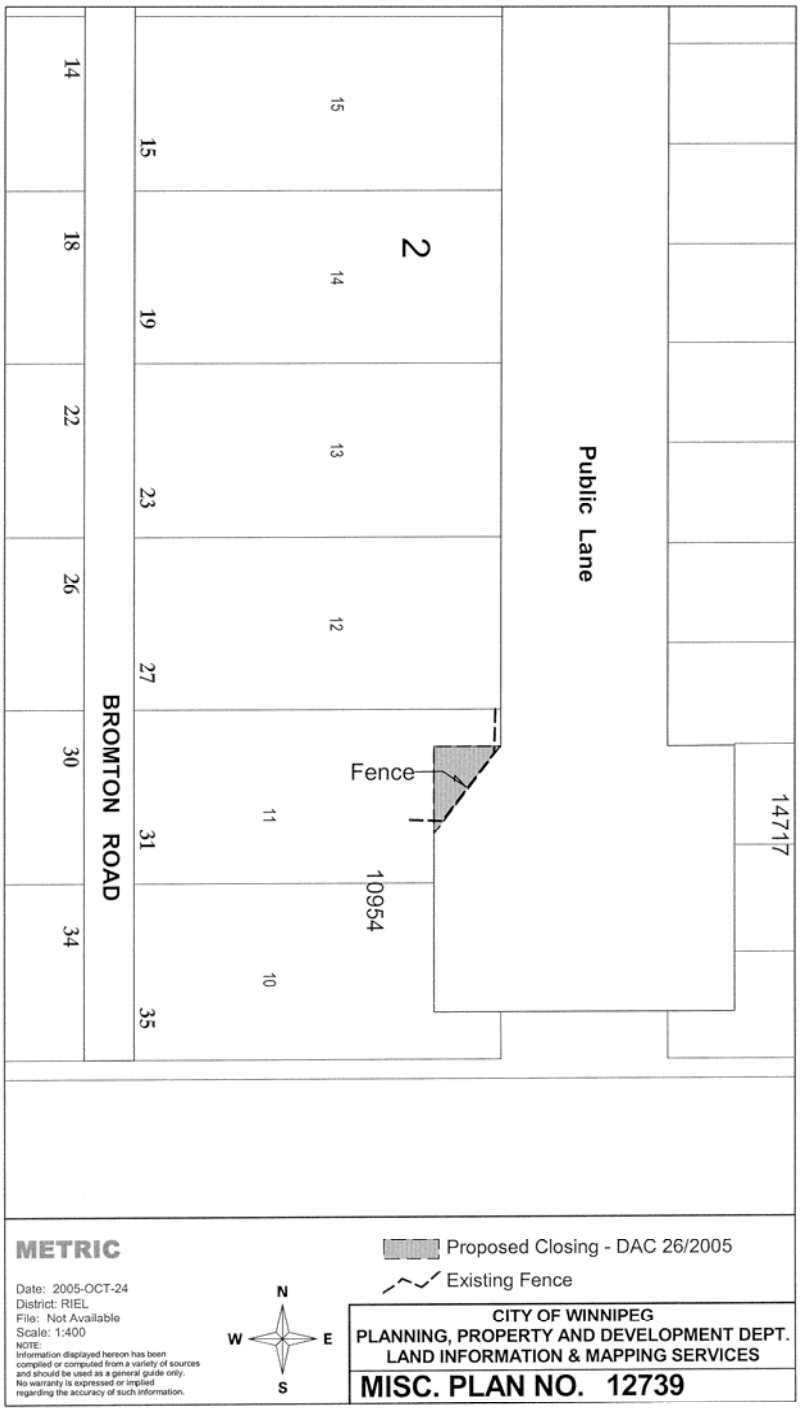

Centra Gas, Manitoba Hydro, MTS Communications,

The Community Planner and Shaw Cable did not respond to the request for their comments.
