REASON FOR THE REPORT

Subsection 104(3) of The Municipal Board Act provides that where the lands affected by a Building Restriction Caveat are located in Winnipeg, no order of the Municipal Board shall be made to vary, cancel or substitute in whole or in part the Building Restriction Caveat unless Council has, by resolution, recommended the variation, cancellation or substitution. A certified copy of Council’s resolution is filed with the Board.

IMPLICATIONS OF THE RECOMMENDATIONS

If the Recommendations are approved, the property owner will be able to complete the sale of their home, subject to a successful application before the Municipal Board of Manitoba.

HISTORY/DISCUSSION

Clients of Mr. Olfert, of Thompson Dorfman Sweatman LLP, sold their home and the realtor representing the vendor accepted a sale condition which requires the vendor to remove said Building Restriction Caveat 1528531/1 (the "BRC").

The BRC registered against the vendor's property by 68888 Manitoba Ltd., which has since been dissolved, provides requirements as to the minimum square footage of a dwelling, landscaping and other improvement standards and most notably, required exterior siding materials. The BRC states that no stucco or plaster finish will be permitted without written permission. The front elevation of the home is constructed with stucco and masonry brick. The applicant has stated that the stucco finish is original to the home and there have been no alterations to the exterior since the home was built. The City of Winnipeg was not involved in the BRC filed in respect thereof. The purchasers are still bound by the dimensional standards and landscaping requirements of Zoning By-law 200/2006 under the "R1-L" designation.

Mr. Olfert, on behalf of his clients, is seeking a Municipal Board Order to have the BRC discharged over his clients' land (Lot 2 Block 3 Plan 24261 WLTO).

Mr. Olfert will be making application to the Municipal Board in accordance with The Municipal Board Act to cancel the BRC in part. In accordance with The Municipal Board Act, a resolution of Council recommending the cancellation in part of the BRC must be filed with the Municipal Board in support of the application.

The Municipal Board will schedule a hearing upon receipt of a certified copy of a resolution from Council recommending the cancellation requested.

Dear Sir:

Re: Application with Municipal Board to Discharge Building Restriction Caveat
Our Matter No. 0184767

Our client is in the process of completing an application with the Municipal Board to discharge building restriction caveat 152831-1. The Municipal Board requires applicants to obtain a certified copy of a resolution of the Council of the City of Winnipeg recommending the Cancellation request. Therefore, we are seeking a certified copy of a resolution of the Council of the City of Winnipeg recommending the Cancellation of Caveat 152831-1.

The caveat is registered against the civic address 51 Dumbarton Blvd Winnipeg, Manitoba R3B 1B5. The legal description of the property is LOT 2 BLOCK 3 PLAN 24261 WLTO IN RL 12 TO 17 PARISH OF ST CHARLES.

The discharge of the caveat is being pursued as the building on the property does not comply with the requirements of the caveat. Note that the Caveator is a dissolved corporation.

Please let us know if you have any questions or require additional information.

Yours truly,

THOMPSON DORFMAN SWEATMAN LLP
