April 19, 2022

Dear Councillor Markus Chambers,

Thank you for your time and commitment to discussions around fact-based information regarding the City of Winnipeg's potential move from Breed Specific Legislation (BSL) toward Breed Neutral Legislation (BNL).

Attached is a petition that has been circulated at our many educational community events over the past few years, containing eighty-eight (88) pages of signatures of the members of various communities in Winnipeg and around Manitoba who oppose BSL and are in favour of a move to BNL. All signatures were obtained in accompaniment with education around the topic. The events at which this petition was present, were not all "anti-BSL" specific, but also events sponsored by a variety of animal welfare groups such as VegFest, Canvasback Days, The Winnipeg Pet Show, and Manitoba Pet Expo just to name a few – all events that would be experienced by various types of dog/pet owners (and some who may not own a pet at all), thus eliminating any bias toward a certain "type" of dog or stereotype of owner.

Please feel free to use this as evidence of community engagement in support of a move toward BNL in the City of Winnipeg.

Thank you!

Sincerely,
Melissa Diamond & Jane Olijnek
End BSL Manitoba

PETITION TO REPEAL THE CITY OF WINNIPEG'S CURRENT BREED SPECIFIC LEGISLATION

To: The Council of the City of Winnipeg, in the Province of Manitoba.

We the undersigned, of the City of Winnipeg, in the Province of Manitoba, hereby petition Council to:

Repeal the current City of Winnipeg Bylaw No. 92/2013, which entails Breed Specific Legislation, and replace it with a Dangerous Dog, Responsible Pet Ownership Bylaw that is breed neutral.

Breed Specific Legislation ("BSL") does not promote responsible dog ownership. BSL punishes dogs based on their appearance and their presumed breeds. BSL is: expensive; ineffective; provides a false sense of public and community safety; and, punishes dogs that are not dangerous.

BSL fails to recognize that all breeds of dogs have the potential to be aggressive. BSL also fails to account for the co-occurrences present in almost all dog attacks. These co-occurrences can be attributed to a lack of owner responsibility and accountability.

Preventing dog bites is a community responsibility. We all need to be aware of the dangerous dogs in our communities and to ensure that the owners of these dogs keep the public safe from their pets, regardless of the breed. The best way to reduce dog bite-related incidents in our community is to focus on: (i) improved and responsible ownership; (ii) a better understanding of dog behaviour; (iii) the education of parents and young children regarding safety around dogs; and, (iv) consistent enforcement of dangerous dog owner ordinances in the community.

Attn: Mayor Brian Bowman and City Council

We the undersigned demand that the City of Winnipeg abolish the Breed Specific Legislation bylaws that prevents citizens from owning dogs identified as "pit bulls" and Staffordshire Terriers inside the city of Winnipeg.

Breed Specific Legislation has been proven to be ineffective, costly to enforce, and completely unnecessary. Dogs that have done nothing wrong but who are identified as "pit bulls" can be subject to seizure and euthanization. It is a total disregard for life that we will not tolerate any longer. Winnipeg already has dangerous dog bylaws that encompass any breed of dog that has had incidents of aggressiveness. We want the city of Winnipeg to abolish BSL and focus on enforcing the dangerous dog bylaws that already exist. It's time we blamed the deed, not the breed.
